

Soviets Claim They Have New A-Bombs But Still Want Ban

MOSCOW (AP)—The Soviet government today claimed successful tests of "new type" atomic bombs in recent weeks but said it still wants an international ban on mass destruction weapons.

The announcement by the Soviet news agency Tass said the blasts occurred "in the last few weeks" but gave no details.

Kremlin Picks Time To Boast Of Atom Blast

By JAMES MARLOW
WASHINGTON (AP)—Twice now within a month—and both times when the United Nations was in session, considering the Korean peace conference—the Russians have announced new atomic explosions.

They can be assumed to have deliberately picked their time:

1. Perhaps to frighten the non-Communist U.N. members, when they were all together.
2. Through fear, to make these U.N. members generally less willing to buck Russia's idea of how the Korean peace conference should be held.

First One Aug. 12
On Aug. 17, the U. N. General Assembly met in special session to choose its representatives to the Korean peace conference, with the United States insisting that if Russia was permitted at the peace conference it would have to be as a guest of the Communists, not on the U.N. side.

On Aug. 19, in the midst of the U. N. argument, Moscow announced it had achieved a hydrogen explosion.

The United States Atomic Energy Commission immediately confirmed the Russian explosion with the statement it had occurred Aug. 12.

On Aug. 23 the Russians had more atomic explosions. This was made known on Aug. 31 by the Atomic Energy Commission. Russia said nothing.

On Sept. 14, the U. N. General Assembly came back into session with the Communists demanding that the Assembly let neutral nations and Russia sit in on the peace conference.

Thursday night, Moscow announced more atomic explosions, probably the ones which the AEC said on Aug. 31 had occurred on Aug. 23.

Five months ago, on April 16, (Please Turn To Page 6, Col. 2)

Boy Finds He Can't Fly Like Superman

COLUMBUS, Ohio (AP)—Eight-year-old Larry King posed on his second floor fire escape, adjusted the silk scarf around his head and spread the towel which hung, cape-like, down his back.

Then he took off.

"I thought the air would get under my towel and float me down like it does Superman," he said tearfully.

Then, in his hospital bed, he peeked down at the plaster casts covering his broken wrists and said:

"Tell the kids that Superman may be able to fly but little boys can't."

Weather

Reported by U. S. Weather Bureau

UPPER MICHIGAN: Partly cloudy and cooler tonight; scattered showers in east portion early tonight. Saturday partly cloudy and cooler.

ESCANABA AND VICINITY: Partly cloudy and cooler tonight and Saturday; low tonight 45°; high Saturday 55°-60°. West to northwest winds, 15-22 mph, becoming northwesterly 12-18 mph tonight and Saturday forenoon. Small, fair warnings issued 6 a. m., Friday.

(In Washington, a spokesman for the U. S. Atomic Energy Commission said the Russian announcement "merely confirms" the AEC's statement Aug. 31 that a fission-atomic-explosion of about the same power as recent U. S. tests in Nevada had taken place Aug. 23 in Russia.)

Observers in Washington concluded from this that the Soviet explosion apparently did not involve the thermonuclear reactions of a hydrogen bomb.

(Moscow's announcement stirred speculation at United Nations headquarters in New York that it was timed to pave the way for new Soviet disarmament proposals to the U. N. Assembly, which has just opened its eighth annual session in New York. These were not expected to differ materially, however, from previous Russian disarmament offers the United Nations has repeatedly rejected.)

The AEC spokesman in Washington indicated the commission had found nothing additional of interest to add to its Aug. 31 statement. At that time, the AEC said it would make no further announcement about Russian tests "unless intelligence indicates information of greater interest."

"We are standing on the Aug. 31 statement," the U. S. spokesman said Thursday night.

A previous Russian explosion apparently had involved some kind of hydrogen blast. On Aug. 21, the AEC announced that the Soviets had conducted atomic tests Aug. 12 involving both fission and thermonuclear reactions.

Manhattan Kids Ride Like Texans

PITTSBURGH (AP)—Don't ever get the idea that big city kids can't hold their own with Texans!

Four young people, looking all the world like Texans, showed up on Pittsburgh's outskirts Thursday night. Despite their cowboy jeans, sombreroes and Texas cavauses, the young folk came from Manhattan and that's where they headed this morning.

The four, riding and leading seven equally trim horses (they have three spares) identified themselves as 23-year-old Miss Nini Galpin, senior cowpoke and spokesman, Miss Cayla Hitzig, 17, her brother, Rupert, 15, and Bruce Whiteley, 16.

The four, their horses and a dog they picked up along the way when they left Austin, Tex., June 15, spent the night at Monzo's Ranch on the Greensburg Pike a few miles from the steel city.

Miss Galpin said they decided last summer to go to Texas, get some horses and ride them home. They carry their own cook stove and utensils, and sleep under the stars but on air mattresses.

Nixon Arranges Far East Tour

WASHINGTON (AP)—Vice President Nixon starts a "listening, learning and working" journey to the Far East next month.

Nixon told newsmen his aim is to make friends for the United States and collect information for President Eisenhower. He said he will talk to farmers and workers, as well as top officials.

"The trip," he said, "will convey the policy of the administration to give equal emphasis to the Far East, Southeast Asia and Europe—in fact, to all areas and all peoples."

Similar tours of Europe, the Middle East, South Asia and South America have been made by Secretary of State Dulles, Foreign Aid Chief Harold E. Stassen and Dr. Milton S. Eisenhower, the President's brother.

Nixon said he will tour 15 countries in 72 days, leaving here Oct. 6 on a 38,000-mile globe-girdling flight and returning Dec. 11. He said he will visit Australia, New Zealand and all the free Asiatic countries from Japan to Afghanistan.

Spray Stunts Grass

CINCINNATI, Ohio (AP)—Chemical being used by the Ohio Highway Department may end "lawnmowitis"—the summer disease known to make men lie down at the sight of uncut lawns.

W. J. Garmhausen, the department's chief landscape architect, said MH40 can be sprayed on grass in April and will so stunt the grass' growth that it won't have to be cut all summer.

Eisenhower May Answer Democrats In Chicago

MCCARTHY ENGAGED—Engagement of Senator Joseph McCarthy and his former secretary, the beautiful Jean Kerr, was announced in Washington by Miss Kerr's mother. The Senator and his fiancée are shown here as they attended a Capital function. (NEA Telephoto)

Meany, Head Of AFL, Says Big Business Runs White House

ST. LOUIS (AP)—George Meany, head of the American Federation of Labor, has accused President Eisenhower of yielding to the influence of big business.

Speaking before the AFL building and construction trades department convention Thursday, Meany said the President "is not strong enough to stand up for his point of view against the people who seem to control the administration in Washington."

Big Globemaster Lands Near Pole

THULE AIR BASE, Greenland (AP)—An Air Force C124 Globemaster, biggest transport plane in operation landed and took off from T3, the snow-flecked floating ice island just 100 miles from the North Pole.

Newsmen who visited Thule today talked with officials who helped plan and carry out the daring landing of the 100-ton plane which stands as high as a three-story house.

The giant transport made the flight from Thule to T3, 800 miles to the north, in May to carry in a tractor and other heavy equipment. At that time T3 had a landing strip 6,000 feet long, on which there was about three feet of light, newly fallen snow. The ice island has been used for two years as a weather observation base.

Motion pictures of the landing showed the big transport touch down, lurch dangerously as the snow gripped the wheels, then settle back on its wheels.

The tractor was used to clear the runway of snow so the transport could make its take off run for the return to Thule.

The usual supply flights to the floating island are by ski-equipped C47, two-engine airplanes dwarfed in size and weight by the C124.

U. S. Will Clothe Needy Germans

WASHINGTON (AP)—The United States is reported nearly ready to launch a privately financed campaign to provide free winter clothing for needy East Germans.

The drive would be a follow-up to the American government program of giving food packages to millions of hungry East Germans—a program hailed by the free world as a great humanitarian gesture as well as a bold stroke in the cold war.

President Eisenhower is reported to have approved plans for the free clothing campaign.

Government funds would not be used to finance this new relief drive.

Instead, Americans would be encouraged to donate warm winter clothing to specified private American relief agencies, which would then distribute it in Germany.

Republican Party Dead As A Dodo, Says Senator Wayne Morse

BEDFORD, Pa. (AP)—If the Democrats re-nominate Adlai E. Stevenson for the presidency in 1956, "he will make Eisenhower look like Napoleon at Waterloo," says Sen. Wayne L. Morse (Ind.-Ore.).

"The Republican party is dead as a dodo," said the Senator Thursday in forecasting victory for Stevenson, former governor of Illinois, should he run against President Eisenhower again.

Morse, one-time Republican, who now labels himself an independent, spoke at a conference of the CIO United Steelworkers District 13.

Reds Say They Hold Only Few Allied Prisoners

MUNSAN (AP)—A Red correspondent said today the only Allied war prisoners still in Red hands are "the handful which won't go back." The Communists said later 10 or more of those have changed their minds and will be returned Saturday.

Some could be Americans, but the Reds did not give any nationalities.

The Communists have said previously they were holding about 300 South Koreans and about 20 non-Koreans who had refused to return home. Some Americans were believed to be among the score of non-Koreans.

Van Fleet Missing
The Reds have given no official answer to an Allied demand for an accounting of what happened to about 3,400 Allied troops—more than 900 of them Americans—whom the U. N. says were once known to be captives.

Communist Correspondent Wilfred Burchett of the Paris L'Humanite, told newsmen at Panmunjom the Reds are checking the list carefully. But, he said, "There is nobody being held except a handful which won't go back."

Burchett said a number of names on the list are due "to faulty bookkeeping."

The Red newsmen, who fre- (Please Turn To Page 6, Col. 8)

Siamese Twin Girls Survive Separation

NEW ORLEANS (AP)—Chances of surviving improved steadily today for Louisiana's Siamese twins—separated Thursday in a history-making operation.

Foundation hospital officials said the twin daughters of Mayor and Mrs. Ashton Mouton of Lafayette "still continued to do well."

Dr. L. L. Weissmiller, hospital director, said, "The longer they continue to do well, the better their chances are. And it looks encouraging."

The 8-week-old girls, Carolyn Anne and Catherine Anne, were joined near the base of the spine. Hospital spokesmen say as far as they can determine both twins have never survived such an operation.

The babies will regain their strength for several days before doctors examine to determine what further surgery is needed.

The soft-spoken 37-year-old father said after the operation, "God Almighty has been very generous so that we could have our little girls perfectly normal."

Mouton and his attractive 33-year-old wife stayed in a private room during the operation with a bible in their hands.

Application To Ship Swiss Guns To West Germany Rejected

BERN, Switzerland (AP)—The Swiss Federal Council (Cabinet) today rejected an application by a Swiss arms manufacturing firm for a license to export small caliber anti-aircraft guns to Western Germany.

The firm had received an order for \$500,000 worth of small caliber anti-aircraft guns, shells and accessories from German frontier defense authorities.

Arms are produced and exported by Swiss firms on a large scale, but only under specific government licenses. Such licenses are usually granted only when the government is convinced that Switzerland's status as a neutral would not be affected by fulfillment of the order.

TODAY'S CHUCKLE

University dean: "Why do you want to be a pharmacist?"
Student: "Well, my dad is one. He works seven days a week and its our family ambition to give him a day off."

President Urged To Stop Off For GOP Conference

CHICAGO (AP)—Republican leaders pressed President Eisenhower today to stop off in Chicago to answer Democratic charges that the Republican farm program has gone sour and that U.S. allies are being confused by American foreign policies.

Eisenhower is due to stop over here briefly Saturday to pick up his son, John, and family on the way back to Washington from his vacation in Colorado.

Sen. Ferguson, keynote of today's opening session of a Republican rally, said in an interview he hopes to persuade the President to take out enough time to give his own reply to charges fired at the Republicans here earlier in the week by Adlai E. Stevenson and former President Truman.

Top Speaker Cancelled
The Republicans, who had advertised this conference their answer to Democratic blasts, found themselves with only second string speakers after GOP National Chairman Leonard W. Hall became ill with a virus and couldn't attend.

Called suddenly into the breach, Ferguson blasted at Stevenson as being "soft toward communism" and offering "appeasement" to Moscow in the 1952 Democratic nominee's proposal for showdown negotiations with the Russians on a non-aggression pact and a disarmament agreement.

"Governor Stevenson is urging us to meet at every opportunity whether it be on the Communists' terms or our own," Ferguson declared. "This shows a vast misunderstanding, such a lack of comprehension of the nature of communism that it is almost unbelievable."

How Troubles Started
Ferguson told a news conference Thursday that "99 per cent of the troubles that face America and the world today were produced at the conference tables where sat the masters of the Kremlin and those

Old Indian Hex Loses Its Kick

OKLAHOMA CITY (AP)—That old Indian medicine apparently has lost its kick.

An ancient Indian curse was pronounced Monday which is supposed to prevent fish from biting and ducks from landing on Oklahoma City's two municipal lakes.

The Indians war-whooped and tom-tommed at Canton, 100 miles northwest of Oklahoma City, protesting the release of Canton reservoir water for Oklahoma City use. The redmen broke a peace pipe and Chief Henry Spotted Crow chanted the ancient hexing psalm.

Elmer Davis, bait concessionaire at Lake Hefner, said 400-500 ducks landed on the lake Thursday, apparently unaware of the curse.

Fishing at Lake Hefner and Lake Overholser was described as from normal to excellent.

Chief Bennie Spotted Wolf summed up the Indians' attitude this way:

"We were promised the right to hunt and fish free as long as water flowed and grass grew. Fishing here is free, but you have to fish and hunt in Oklahoma City's lake. They spoil our hunting and fishing grounds to make theirs better."

Has-Been Truman Says Nation Is At Its Greatest Age

INDEPENDENCE, Mo. (AP)—Former President Harry S. Truman, calling himself a "has-been," told a high school audience Thursday "We are on the threshold of the greatest age in history."

He spoke before 1,050 boys and girls at a William Chrisman High School assembly in his home town. "I am a has-been now," Truman said. "But I want to make my contribution by asking you to prepare for your responsibilities and go through with them in the future."

The ex-President mentioned that he had climbed from the precinct level to the White House and told the students:

"I'm the only one I know of who did that. I am a politician and I don't claim to be anything else."

ACCUSED OF FRAUDS — FBI agents arrested Lt. Col. Jack D. Burnett, an administrative officer at the Army's Walter Reed Hospital, Washington, D. C., on charges of stealing Government property and fraud against the Government. The Justice Department said Burnett was accused of converting to his own use Government-owned deep freezer, two air conditioning units and one barbecue grill. The alleged offenses occurred while Burnett was stationed at Fort Knox, Ky. (NEA Telephoto)

Korean Says He Got \$5 To Help Catch Gen. Dean

By BILL SHINN
SEOUL (AP)—A slightly built, 40-year-old South Korean said today he accepted \$5 from the North Korean Communists in August, in August, 1950, as payment for helping the Reds capture Maj. Gen. William F. Dean.

The Korean, Han Doo Kyoo, is one of two residents of Chinan, South of Taejon, held here on charges of betraying Dean.

Han told The Associated Press in an interview he accepted 30,000 won (\$5) from the Reds for his part in the capture of Dean. He added that he "returned" the \$5 to a Communist organization.

Treated For Dysentery
Dean, former commander of the U. S. 24th Division, was released two weeks ago at Panmunjom after more than three years as a captive. He has been under treatment at Tokyo Army Hospital for dysentery and is scheduled to depart for the United States Monday.

Han and Choe Chong Bong, 24, were arrested by South Korean national police two days after Dean was released.

I talked with them today outside the jail room of the Seoul central police station, where police brought them to pose for pictures.

Choe would not answer questions. Led Into Trap
Police charge Han and Choe led Dean into a trap after promising to help him return to Allied lines. Asked if he was the first Ko-

Government Tags 193 American Cities As Atomic Bomb Targets

WASHINGTON (AP)—In the wake of Russia's H-bomb announcement, the United States government has tagged 193 American cities as probable targets of atomic attack—70 of them as "critical."

But the list "does not purport to include all possible targets," the Federal Civil Defense Administration said Thursday night.

"For security reasons," it added, "certain targets that have national or military significance, including the atomic energy installations, have not been listed."

It was the first disclosure of areas officially designated as probable A-bomb targets. It supersedes a list adopted in 1952, sent to governors and local civil defense directors but never made public.

Issuance of the new list came six weeks after Russia claimed mastery of the dread hydrogen bomb and two days after municipal legal officers reported some cities are thinking about abandoning civil defense programs unless more federal aid is forthcoming. All state capitals are named, but not as critical targets unless industrially important. Other cities having 50,000 population or more are classed in the non-critical group.

The 70 critical targets, embracing a population of 67,750,982, are population centers having at least 40,000 manufacturing workers and at least one city with a population of 50,000. Washington, D. C., was included because it is the nation's capital.

Disputed Drug Gets Results On Cancer

CHICAGO (AP)—German scientists working on cancer research have obtained "remarkable results" with a drug which bears some basic similarity to Krebiozen, Dr. Andrew C. Ivy said Thursday.

Ivy made the statement at a Krebiozen investigation Committee session. The committee was set up under a bill in the last legislative session. Dr. Ivy, a vice president of the University of Illinois on leave, is a supporter of continued research in Krebiozen, controversial cancer drug.

The report on German research in cancer treatment, Dr. Ivy said, was made by D. Selman A. Waksman before the Congress of Microbiology in Rome earlier this month. Dr. Waksman, who won the Nobel Prize for discovering streptomycin, said a Dr. Gerhard Domack, another Nobel Prize winner, is directing the German work.

The German scientists, Dr. Ivy said, have used a filtrate of the fungus actinomycetes to obtain "remarkable results" in cancer work. This same fungus, he said, is used by Dr. Stevan Durovic, discoverer of Krebiozen. However, Dr. Ivy said, Dr. Durovic injects horses with the fungus, and obtains a serum from the animal. From the serum, Dr. Ivy said, Dr. Durovic obtains the substance he calls Krebiozen.

Killer, 19, Called Handy With Gun

CANANDAIGUA, N. Y. (AP)—45 caliber automatic pistol used in the slaying of five persons by Fred Eugene Mc Manus was "almost as much a part of him as his index finger," a psychiatrist testified Thursday in the first degree murder trial of the 19-year-old former Marine.

Dr. Christopher F. Terrence said that Mc Manus had trained himself to react with a pistol almost instantly.

Mc Manus is being tried for the killing of William Allen Braverman, 19, last March 27. He has pleaded innocent by reason of insanity.

Dr. Terrence said Mc Manus was suffering from schizophrenia and "did not know it was wrong" to kill.

Mc Manus has confessed that he killed Braverman for the young man's new convertible, and four other persons during a four-day spree through the East and Midwest with his teen-aged sweetheart.

Council Delays Liquor License For Zone Study

Application for approval of a specially designated merchant liquor license in a store in a Class B residential zone, in itself a non-conforming use under city zoning law, was debated by Escanaba City Council in meeting last night.

Councilman Guy Knutson led opposition to the request by Clifford J. O'Donnell, 330 S. 15th St., for the license to sell alcoholic beverages by the bottle in his store.

Knutson based his objections on the fact that the store is now a non-conforming use in the residential area and that the Planning Commission is now making a study with the possibility that rezoning may result.

Objects To Delay
His motion to defer action until the Planning Commission study is completed was supported by Councilman Ed Cox. They and Councilman Wesley Hansen voted in favor of deferring approval. Councilman Jacob Bink voted against the delay.

"The sale of alcoholic beverages is legal in the state and in the city and I do not feel the Council has the right to tell a merchant what he can or cannot sell," said Councilman Bink.

Speaking in behalf of his application, O'Donnell said the residents in his neighborhood want him to have the license. "They are the ones who want me to get it," he said, adding that he felt the Council was "passing the buck" and that he "could have 25 or 50 people up here at the next meeting who want me to have this license."

Law Is Clear
Knutson refused to withdraw his motion or Cox his support later when O'Donnell asked the Council to "hold this over until the next meeting for another vote."

Assistant City Attorney James Fitzharris said the law is clear that O'Donnell's store is a non-conforming use.

Mayor Robert E. LeMire was out of the city on business and Councilman Hansen, mayor pro tem, presided in his absence.

In other business the Council: Accepted the \$843.50 low bid of Utility Bodies & Equipment Inc., St. Louis, Mo., to supply the city with a body for a service truck.

Accepted the bid, only one received, of August Schultz, 115 N. Seventh St., for the purchase of one and one-half city lots at 1018 N. 21st St.

Dufour Appointed
Appointed Howard Dufour, 1215 Fourth Ave., S., to the Recreation Board; and accepted with expression of appreciation for his service the resignation of Fred Hoyer from the Planning Commission. It tabled until next meeting an appointment to fill the vacancy.

Accepted the recommendation of the Planning Commission that 11th Ave. S., between 17th St. and the Country Club be vacated and set Oct. 15 for public hearing.

Authorized the mayor and clerk to negotiate for purchase of one lot adjacent to an alley running southeast from Sheridan Road on the north end of the 1000 block, so the alley may be widened into a street.

Approved a recommendation of the Civil Service Commission that city employees receive time and one-half for work on Sundays. This does not include the police or fire department personnel.

Paving Petitions
Approved attendance with expenses paid of a city employee delegate to the Municipal Employees Retirement System meeting. The delegate will be selected by the employees. City Engineer Loren Jenkins will attend as a member of the Retirement System Board.

Granted Harnischfeger Corporation to break the curb on Stephenson Avenue to develop a parking lot.

Adopted a resolution releasing William Warmington as escrow agent in connection with the Catherine Bonifas estate, his duties being completed, and expressed appreciation for his services.

Received petitions for paving 1400, 1500 and 1600 blocks on N. 20th St., and referred them to the engineering department for the preparation of cost estimates.

Accepted an invitation of the League of Women Voters to attend their Oct. 5 meeting for a discussion of Council policies.

Rev. Lund Is President Of District Conference

MANISTIQUE—Rev. Gustav Lund of Escanaba was elected president of the Green Bay District of the Augustana Lutheran Conference at the district's annual meeting in Zion Lutheran Church here Thursday afternoon.

The Escanaba minister, pastor of Bethany Lutheran Church succeeds the Rev. Clifford Peterson of Gladstone, who held the post for two terms.

The Women's Missionary Societies of the district also held their annual meeting here yesterday and elected Mrs. Albert Johnson of Bark River president. She succeeds Mrs. Harry W. Lundblad of Menominee.

African Missionary
Other officers elected by the ministers Thursday were Rev. E. H. Baker of Marinette, superintendent of the Lutheran Home for the Aged, vice president; Rev. Frank E. Peterson of Mountain, Wis., secretary-treasurer, and Miss Mary Olson of Escanaba, statistician.

The women's society also elected Mrs. Frank Peterson of Mountain, Wis., vice president; Mrs. Albert Olson of Peshtigo, Wis., secretary, and Mrs. Bruce Poquette of Menominee, treasurer.

Rev. N. Ludwig Melander, who has been a missionary in Africa for 30 years, was the principal speaker at the sessions here yesterday.

He described his work in the villages of the Iramba and Turu tribes in East Africa, and emphasized the importance of music, not only in drawing people near, but in ending family brawls, community disputes and native labor troubles.

Is Violinist
In his talk, the missionary told of experiences in working in leper colonies, use of music for services, and of efforts to teach children to sing and march while attending Sunday School. He also exhibited African horns used by natives.

Mohammedanism, he said, causes difficulties for the missionaries. But the way to get at the devil, the missionary observed, is "not with guns or atomic bombs," but through music and Christianity.

The "safari missionary" plays the violin while working in Africa and his wife plays the accordion. He plans to return next spring.

"Escanaba" District
Bark River was selected as the site for the next district meeting. The conference here was attended by 76 WMS delegates, in addition to those coming only for the evening service, at which Pastor Melander was the principal speaker.

Scandinavian artist Signe Larson and her sister, Elvira of Lindsborg, Kan., were unable to present their chalk lecture here yesterday due to illness.

Next district activity scheduled for the Green Bay unit, which extends from Manistique to Mountain, Wis., will be a youth rally at Bethany Lutheran Church in Escanaba Oct. 18, at 4 p. m.

During the meeting here pastors of Green Bay district voted to petition the Superior Conference to change the district's name to "Escanaba District." Action will be taken on the petition, Rev. G. A. Herbert, pastor of the host church reports, at the annual convention of the Superior conference in Escanaba next spring.

Beautiful Bridge But Wrong Color

OMAHA (AP)—"This structure is one of outstanding design and warrants more admiration than it gets," wrote the Nebraska State Highway Department of a graceful bridge which arches above a busy transcontinental highway just west of Omaha.

But, the highway department asked Douglas County commissioners, please paint the bridge black or dark green.

That way motorists won't be looking up when they should be watching the road.

Clarify Special Levy On Streets

Objections of some property owners to the city's method of applying special assessments for street improvement is largely the result of misunderstanding of city charter provisions, City Engineer Loren Jenkins last night told the Escanaba City Council.

Under Section 16 of the finance chapter of the charter, all special assessments and appropriations for such work must be made before the work is undertaken, Jenkins pointed out.

"The city must assess prior to the start of any construction, according to the charter," he said. Objections had been voiced at prior meetings by property owners who felt they should not be assessed for street improvements until the project is completed.

Under the street work schedule the curbs and gutters and gravel base is constructed one year, followed by surfacing with blacktop the next year.

Council referred the matter to the city attorney for further study and a report at next meeting.

In other business the Council heard John Chylek, Rene Robitaille and John Berish request erection of a flasher traffic warning signal at Stephenson Avenue and Second Ave. N. for the benefit of children crossing there on their way to and from Washington school.

Council referred the request to the Safety Committee for study and recommendation. City Engineer Jenkins agreed that the corner was "very dangerous" for youngsters.

Believe Calf Is Half Deer—Half Cow

WEBBER, Kan. (AP)—They've tagged it a "dow"—but Tom Fulton and his son T. H. Fulton, Jewell County farmers don't know for sure whether the new calf is what it looks like, half deer and half calf.

The 80-pound animal, found frisking in a pasture, has fawn-like markings and is thin-legged though it otherwise resembles a calf.

While the Fultons report seeing deer with cows on their farm, livestock experts at Kansas State College say they don't believe cows and deer inter-breed.

Fluoridation Of Water Urged

Fluoridation of water was strongly urged Thursday by Dr. Fred Wertheimer of the Michigan Department of Health in an address to the annual meeting of the Cloverland District Dental Society in the House of Ludington.

Dr. Roy Johnson, Escanaba, is president of the society, Dr. M. L. Sullivan is secretary-treasurer. Dr. Wertheimer said fluoridation would reduce tooth decay, and stressed the safety of the process.

The meeting was one of a series of four at which dental experts demonstrated latest clinical developments to U. P. dentists. Clinics were held in Sault Ste. Marie Monday, in Marquette Tuesday, in Houghton Wednesday, and here Thursday.

Dr. Drexel Boyd, chairman of the operative department of the Indiana University School of Dentistry, addressed the group on the resin or plastic filling. Dr. Howard Hartman of Cleveland, O., discussed diagnosis and treatment of periodontal involvement (infections of the mouth). Dr. Charles Jamieson, Detroit, past president of the Michigan State Dental Society, spoke on "Complete Dentures."

Dr. Arthur Dietrich of Detroit, president of the Michigan State Dental Society, greeted the group in an informal talk at the evening dinner.

Leon Snow, secretary of the Michigan State Dental Society, was a guest.

Dentists from Manistique, Gladstone, Powers, Escanaba, Menominee, Marinette, and Iron Mountain attended.

Obituary

OLAF NELSON

Funeral services for Olaf Nelson, pioneer Escanaba resident who died Wednesday, were held this afternoon at 2:30 at Anderson Funeral Home. Rev. Gustav Lund of Bethany Lutheran Church officiated. C. Arthur Anderson sang two numbers, "Sunrise Tomorrow" and "The Beautiful Garden of Prayer." Mrs. Margaret Mallman was accompanist.

Pallbearers were S. M. Johnson, Peter Nelson, Charles Johnson, Algot Gustafson, Roy Olson, and Frank W. Loos. Attending from out of town were Mr. and Mrs. Sebert A. Jacobson of Bismarck, N. D., and Mrs. Selma Jacobson of Gladstone.

Burial was in the family lot in Gardens of Rest.

Col. Wm. Darland & Sons, Auctioneers
Gillett Sales Co. Clerk

FOUGHT TO LAND HIM — Joe Wery, 917 S. 16th St., fought about three-quarters of an hour Wednesday to land this 14 lb. 5 oz., 39-inch Northern pike in the yacht harbor. Wery, out in a row boat, worked with a regular casting rod, and used minnows as bait. The pike nibbled quite a few times before he finally bit, Wery said. Then the fight began. "When you fight with them you're really fighting wild, too," Wery said. He never caught a fish that big before, he said, though one previous time he caught a 28-inch Northern pike at Wells.

Bark River Lions Will Entertain League Champions

BARK RIVER—The Bark River Club will hold its dinner meeting Monday, Sept. 21, at 7 p. m. at St. George's parish hall, with guests, members of the Bark River baseball team, Tri-County League champions. Special entertainment is being arranged for the evening.

Sgt. Kenneth Lytle, 22, POW 33 Months, Is Home

MANISTIQUE — A second Schoolcraft county prisoner of war returned home to Germfask this morning.

Sgt. Kenneth Lytle, 22, who spent 33 months as a Communist prisoner in North Korea, arrived at the home of his sister and brother-in-law, Mr. and Mrs. Robert Jack, at 7:30 a. m. today.

The first Schoolcraft county POW to return home from Korea was Cpl. Lawrence Heminger of Gulliver.

Sgt. Lytle will be honored at a pot-luck supper Saturday night at 7 at the Germfask Community Hall with the VFW and Lions Club in charge of the affair. The two organizations will present him with a watch.

The Germfask soldier entered service in April, 1950, as an infantryman. He went overseas to Korea in September, 1950, and three months later was taken prisoner.

He was listed as missing in action for some time before relatives learned that he was a prisoner. They heard from him while he was in prison camps about a dozen times.

Sgt. Lytle arrived last Sunday in San Francisco aboard the Marine Phoenix and was flown from there to Chicago by military plane.

The young soldier made the last leg of his long journey home, from Escanaba to Germfask, by hitch-hiking. He is in good shape physically.

Sgt. Lytle's mother died in

February, 1952, while he was a prisoner. His father has been dead 10 years. At the Jack home in Germfask he was greeted this morning by a brother, Clarence, and a sister, Mrs. Clara Benson of Wausau, Wis., and a brother Gerald of Germfask.

Jaycees To Hear State President

Herbert Auer, Muskegon, Michigan president, of the Junior Chamber of Commerce, will speak Sunday morning at an Upper Peninsula regional meeting of Jaycee members at the House of Ludington.

The weekend meeting, starting Saturday night with a dance at the Ludington, will draw about 50 Jaycee members from cities throughout the U. P. Conference plans were announced this morning by Dr. Francis Anderson, Escanaba, chairman of the regional committee.

Forums will be held Sunday morning and the conference will close with a dinner at 12:30.

Other speakers will be Howard E. Norris, Madison, Wis., Jaycee president; Ralph Huttilla, Ishpeming, and Walter Chojnowski, Marquette, a national director of Jaycees. Chojnowski made conference arrangements and secured the speakers.

Jack Manning, Escanaba Jaycee

Washington Police Must Have Good Teeth

WASHINGTON (AP)—The commissioners of the District of Columbia agreed that only men with good teeth can join the police force. Two applicants had been rejected because they had partial dentures.

Former commissioner F. Joseph Donohue protested: "We don't expect them to go out and bite somebody."

president, stated that reservations for the conference may be made with Dr. Anderson.

Station WESK Broadcasts To Begin Sunday

Escanaba's new radio station, WESK, will begin regular broadcasts at 7:30 a. m. Sunday following a period of test operations after midnight, it was announced today by Barclay Conley, station manager.

Conley for the past two years has been connected with station WMAM at Marinette. His home is Bennington, Vt. The station is owned by WMAM of Marinette. WESK will be on the air from 6 a. m. to midnight on weekdays and from 7:30 a. m. to midnight on Sundays. The wave length is 1490 kilocycles and the station has a power of 250 watts. WESK studios are located at 710 1/2 Ludington.

Has Staff of Ten

The new station will carry a full schedule of NBC programs, the Green Bay Packers games on Sundays, and all football games played by Escanaba High School, St. Joseph High School and Gladstone High School, Conley said.

Comprising the staff are Conley and the following personnel:

Paul Ryan, program director, who was announced for WBEV, Beaver Dam, Wis.; Alister Alexander, chief engineer, who was with WMAM and was consulting engineer for other stations including KXGI at Fort Madison, Iowa.

Danny Sherran is announcer; Grant Markham, news chief; Dick Blanchard, announcer, who was with WMIQ, Iron Mountain; Helen Cloutier, continuity department, are other members of the staff.

Testing Is Started

The sales staff comprises L. K. Morrison and Glen Austad, with Nancy Gauthier business office clerk.

Originally the station's application for license to the Federal Communications Commission was made in May, 1951, for Gladstone, and was amended in 1952 to locate the station in Escanaba.

The license was granted by the FCC on July 16, 1953, and construction of the transmitting station was started shortly thereafter. The transmitter tower is located on land leased from the city west of the C&NW ore docks.

Testing broadcasts are made after midnight and will continue through the remainder of the week, until the station officially opens with its full program schedule starting at 7:30 a. m. Sunday.

Upper Peninsula Briefs

MEMONIEE—Vanguard of a large Twin City delegation are in Rhineland to begin pressing of Menominee's invitation for the 1954 Logging Congress of the Wisconsin and Upper Michigan Timber Producers' Association which is holding its 1953 convention in Rhineland Friday and Saturday.

NORWAY—Gerald Prue, 26, of Warm Springs, Mont., found legal as well as personal grief at Norway where he went to attend the funeral of his father. After the services he was arrested on a Menominee County warrant charging non-support, reports Sheriff Edward J. Reindl. The warrant, issued in July, was the second against Prue, who has been sought by Menominee County since 1952. Prue is the father of four children.

MARQUETTE — Lt. Harold Meese, metallurgist and professor at the Michigan College of Mining and Technology, has been released from active duty with the Office of Naval Material. He was recalled to active duty during the Korean conflict. While in the Office of Naval Material he was head of the Copper unit and head of the Aluminum and Magnesium unit of the materials section in the production division.

MEMONIEE — A flaming earload of pulpwood halted a Chicago & North Western freight train at the 38th Avenue crossing early Wednesday morning while the Menominee Fire Department extinguished the blaze. The last 15 cars on the freight train were left when the burning car was taken from Birch Creek to 38th Avenue. Firemen said the car was "cherry red" when it reached the 38th Avenue crossing.

Use Weather As Ally In Control Of Forest Fires

If a forest fire starts:
A wind shift may trap men and equipment.

Rain may be near. Firefighters might decide just to hold the fire and let the rain put it out.

Mark J. Schroeder of the U. S. Weather Bureau in Chicago is the man who keeps news bulletins of such weather developments flowing to the firefighters, he said Thursday while in Escanaba on an inspection trip.

Schroeder works at preventing fires, as well as helping to put them out once they start. He is firefighter supervisor of the biggest fireweather district in the United States—the six states of Minnesota, Wisconsin, Michigan, Illinois, Indiana, and Ohio.

Fireweather Stations

During fireweather seasons Schroeder sends a daily forecast on fire probabilities to stations throughout his district. In Escanaba his report arrives about 3:30 each afternoon in the office of S. E. Decker, U. S. Weather Bureau meteorologist.

Decker gives copies to the U. S. Forest Service, and to the Michigan Conservation Department which sends out the report via its radio system to all conservation department offices in the U. P. in a matter of minutes, Schroeder said.

There are 60 fireweather field stations throughout Schroeder's district. He takes three inspection trips a year to cover all the field stations in the large district, he said.

Reports from fireweather field stations begin arriving in his Chicago office about 12:30 CST every day in the fire seasons, Schroeder said. The stations code their noon observations and wire them in.

Weather Reporting

The code is an unusual and compact device whereby the entire weather picture of an area is presented in three groups of five digits each. In the first group of five numbers, the first two digits are the code number of the station, the third digit is the sky condition and general state of the weather, and the last two numbers are the temperature.

In the second group of five numbers, the first two digits are the humidity; the third is wind direction; and the last two are wind velocity. In the third group of digits, one and two are the burning index, showing degree of fire danger; three is the time of precipitation; and four and five are the amount of precipitation.

If rain was very heavy, the amount is added in English afterwards, Schroeder said. Thus, if rainfall had been 2.25 inches, the last part of the third unit would read "25 two."

If a fire does start, the fire service of the state involved may call Schroeder for special forecasts, which he provides as long as necessary.

Briefly Told

Bears Shot Tuesday — Walter Mannie of Rock shot four bears Tuesday, not Wednesday as reported previously in the Daily Press.

Hohenzoilern Castle, ancestral home of the former German royal family stands on a 2,800-foot mountain near Hechingen in southern Germany.

After the blaze was extinguished the car was spotted on a siding and the train reassembled. Firemen spent three hours on the call.

SAULT STE. MARIE—A check of registration figures late yesterday afternoon showed that 261 students were enrolled at Sault Branch of Michigan College of Mining and Technology, according to Harry L. Crawford, resident director. The current figure is 19 short of the goal of 300 students which the Sault Branch staff had hoped would be attained this fall. There may be a few more late enrollments this week, Crawford said.

U. P. Industries Support Proposed Natural Gas Line

Manufacturing and mining companies and other large industrial users of fuel were willing to become customers of natural gas if a pipeline is extended from Alberta to eastern Canada through the Upper Peninsula.

This was the report from the Upper Peninsula Development Bureau following a recent U. P. advisory committee meeting at Marquette. Approximately 70 per cent favorable reply has been received to questionnaires sent to industries and cities, it was reported.

Rep. Einar E. Erlandson of Escanaba, who attended the advisory committee meeting by invitation, said that industrialists and cities receiving the questionnaires should fill them out and return them as soon as possible to their local Chamber of Commerce or the U. P. Development Bureau.

Don Weeks, executive director of the Michigan Economic Development Department, and business and industrial leaders of the Upper Peninsula, attended the meeting.

Through the questionnaires, the Development Bureau and Economic Development Commission hope to prove the large potential market for natural gas in the region—a factor expected to be important in the case presented by Mid-Continent before Canadian officials. Several other pipeline operators also are seeking authorization to carry natural gas from Alberta to Ontario.

Large utility firms, heavy equipment manufacturers, mining concerns and other companies expressed interest in bringing natural gas into the Peninsula. Most of those interested, according to the preliminary results of the survey, said they would be willing to contract for gas on a long-term basis, if the price was right.

Members of the Economic Development Commission have been among state and federal officials working to bring a natural gas supply into Northern Michigan. They believe it would be one of the important single factors in future industrial development of the U. P.

Observance Of Yom Kippur Here

Starting at sundown tonight, and until sundown Saturday night, Sept. 19, Jews everywhere will observe Yom Kippur, or the Day of Atonement. It is the most sacred and solemn in the Jewish year, and as such, will be observed with special prayers and ritual.

In Escanaba the services will be held at Carpenter's Hall beginning at 6:30, with Dr. Aaron W. Soffer of Chicago in charge.

Peace With God

Unlike other Jewish holidays, the Day of Atonement has no historical background. It is a day given over to introspection and contemplation. On the New Year, the Book of Life was opened, and on the Day of Atonement that Book is sealed. Before being closed, Jews everywhere will fast and pray in order that they may be written down for a good life. It is primarily a day for the searching of the heart to find peace with God.

The Day of Atonement begins with the "Kol Nidre" prayer, which is regarded with reverence and awe. On the Day of Atonement the Jew prepares to pour out his heart to God, who sits in judgment over him, and to pray for forgiveness of his sins. The confession of sins is an integral part of the day's observance. In addition to the confession, a solemn resolution is made to make amends and not to repeat the same sins, but to live a life of greater spiritual worth during the coming twelve months. The Day of Atonement thus represents man's striving for a more perfect world, a world in which there will be no wrong-doing or evil thinking.

Memorial Service

During the Day of Atonement there will be held the usual Yizkor or memorial service for the departed. During this part of the service, the dead will be specially called to mind, and prayer recited in their behalf.

The Day of Atonement will be concluded with the service of "Ne'ilah, or the closing. At this time it was customary to close the gates of the Temple in Jerusalem. Today, however, it is interpreted as the time when, after the prayers of the day have been concluded, the gates of heaven are finally closed. This moment of the service is of special significance, as it represents the last opportunity for reconciliation with God.

Yom Kippur services will be held at Carpenter's Hall starting at 6:30 p. m. today. Dr. Aaron W. Soffer of Chicago will be in charge.

HIGHEST INVERTEBRATES

Insects represent the highest grade of evolution among the invertebrate animals, and owe their numerical predominance to their ability to fly and their adaptability of life under the most diverse conditions.

LITTLE LIZ

The woman who imagines she is "high-strung" usually sounds a little off-key.

Adults Invited To Register For Class In Driver Training

How many adults are there in the Escanaba area who would like to learn to drive or learn how to drive more expertly?

The answer to the question will determine whether driver training will be included as one of the subjects to be taught in Adult Education classes in Escanaba, said Vernon Ihlenfeldt, director.

Adults who would like to enroll in such a class are asked to phone 2123 on Saturday afternoon or on Monday.

Ihlenfeldt said qualified instructors are available and if there is sufficient interest the class could be started immediately. Other adult education courses will not open until October.

The proposed driver training instruction will include actual operation of the car, observing correct driving methods, and night driving; in the class room safe driving practices, rules of the road, mechanics of the auto, tire changing, parking, and overtaking and passing will be taught.

Classes would be held after school hours and on Saturdays.

Mrs. Anna Rabideau Dies In Rapid River

Mrs. Anna Rabideau, 91, a resident of Rapid River for about 60 years, died this morning at 7 in the Yirsa Convalescent Home, Gladstone.

She was the widow of Mose Rabideau, who died in 1946.

Mrs. Rabideau, a member of St. Charles' Catholic Church of Rapid River, is survived by one daughter, Mrs. Wilfred (Maude) Belland of Escanaba, and by a grandchild and a great-grandchild.

The body has been taken to Skradski Funeral Home, Gladstone.

Editorials—

Words Alone Will Never Melt An Oppressor's Chains

FROM time to time reports emerge from Washington of a tight struggle over strategies in the shadowy field of psychological warfare. We get no inkling, however, of what this contest is all about.

It could be over specific techniques of psychological persuasion. Or it could be over the more fundamental question whether this newly valued instrument of national policy is perhaps being considered for too large a role in the broad global conflict with communism.

President Eisenhower obviously was determined from the outset to make the most of this weapon, to try to seize the propaganda initiative from the Reds. He reformed the government psychological warfare

setup under William H. Jackson, a veteran of World War II strategic intelligence work, and brought in C. D. Jackson, magazine publisher and experienced wartime propagandist.

These moves were hailed by men who felt the United States had been too long at a disadvantage in the war for men's minds. At the same time, coupled with certain extravagant statements made during the heat of the 1952 presidential campaign, they perhaps raised false hopes of a new panacea.

Since January, therefore, the problem has been not merely to put new drive into our campaigns of persuasion, but to gauge their limitations in the total cold war effort.

In this respect, a healthy contribution has been made by Edward W. Barrett, former assistant secretary of state in the post-war period and seasoned hand with a background of many wartime propaganda assignments.

Barrett has been a long-time champion of psychological warfare as a national policy device. Yet he perceives definite limits to its usefulness. Writing in his new book, "Truth Is Our Weapon," he makes it clear that he views this kind of combat as supplementary to diplomatic and military policy.

Never, in his judgment, is "sykewar" at the very core of policy. In no sense can it be taken as a substitute weapon which, miraculously, will spare us the pain and expense of battles in the field and at the council table. He does not believe we can produce some magic psychological formula which will melt away Russia's armed legions, free the satellite nations and drive the Communist tyrants from the Kremlin.

Possibly it is just such correctives as Barrett's informed book that will serve most practically to help our new propaganda specialists in their struggle for a sane course of action.

They must find the way to present the cause of freedom so that it builds a steady flame in the minds of Communist-enslaved peoples. Yet, in seeking to hold out to them a continuing hope, they must not let them or anyone else believe that words alone will break their chains.

They're Just Small, But . . .

IT may be a long time before anything happens in the Soviet world to equal the force of the June 17 East German riots in countering Russian propaganda. The elaborately contrived image of the workers' paradise dissolved in dust, for men presumably do not revolt in Heaven.

Yet, big as that event was, it has not eclipsed the smaller incidents which go on occurring almost daily in proof of this same Soviet fraud. These lesser events provide a kind of very satisfactory that free men everywhere ought not to miss.

There was the case of the steamroller operator paving a road near a satellite country's border. He told border guards he couldn't turn his machine around in a tight loop and would have to take it over a bridge to swing about. The bridge led to freedom. He steered the roller across and never turned back. A more improbable getaway vehicle would be hard to imagine.

Now a Polish member of the neutral nations' inspection team in Korea has walked off to freedom. About to enter a Communist plane headed back to North Korea, he suddenly wheeled and sped to the safety of American protection. The door had opened just a small crack, but he slipped through.

Words, Wit & Wisdom

By William Morris

Question: I arrived in your country from my native England only a few weeks ago. Naturally, I have been greatly impressed with America, but occasionally I have been quite puzzled at the vagaries of your popular speech. Last evening, for example, I saw quite a good television play about boxing. At one point a prizefighter's manager said—as closely as I could jot it down in the darkness—"The bum was supposed to dump this one. He should have gone into the tank in the seventh but he decides to play it straight and not take the dive." Now this may be crystal-clear to American viewers but it leaves me very confused. Please translate this into English.

M. W. H.-C., Chicago.

Answer: Bit of a sticky wicket, eh? Well, I can't blame you for being confused. Only a full-fledged Damon Runyon character could be expected to talk like this. I can assure you lots of native Americans couldn't decipher this sporting-world jargon, either. However, here goes!

"The bum" is, of course, the boxer. "Bum," in American slang, means a low or disreputable person.

"Dump" is to lose a contest deliberately, especially after accepting a bribe. "Go into the tank in the seventh" means "pretend to be knocked unconscious in the seventh round." And "take a dive" means the same thing as "go into the tank."

I trust this makes everything clear. However, some of my readers may appreciate an explanation of that five-dollar word, "vagaries," you used in your letter. "Vagary" is the singular form and it means whim, fancy or extravagant caprice. It comes from the Latin "vagari," to wander or stroll about, and is pronounced vuh-GAIR-ree.

The Doctor Says . . . Most Headaches Caused By Increased Blood Flow

By EDWIN P. JORDAN, M.D. — Written for NEA Service

A splitting headache often arrives at the most inconvenient times. Although a "headache" serves as one of the world's best excuses for getting out of some engagement, the real thing is exceedingly unpleasant.

Headache is a strange thing. There are reasons for believing in most, if not all, there is increased blood flowing through the blood vessels of the brain during a headache and this increases the pressure on the hard, bony skull. Certainly, most of them feel that way!

Why this happens in some people and at some times is hard to figure out. There seem to be several reasons which can bring this about.

Undoubtedly worry or some other kind of nervous strain brings on headache in many people. While a headache can sometimes be traced to eyestrain, sinus trouble, or an upset stomach, the nervous origin of many headaches is the most important.

One man had a quarrel with his partner about twice a year and a day later he would invariably be prostrated by a severe headache. A mother always developed a bad attack whenever her daughter stayed out in the evening longer than the mother

thought wise! This sort of thing goes on all the time and furnishes good evidence of the close relation between worry, anger, or other emotions and many headaches.

However, many headaches are considered to be of the migraine type which are partly hereditary and partly the result of the stress and strain of modern life. Even many of those which are not classified as migraine come on after a difficult conference, a quarrel or something else which interferes with the calm life.

EVERYONE HAS HEADACHES
The occasional headache is something that almost everyone experiences, but the frequently repeated attack cannot be ignored. If it can be traced to some definite physical cause the underlying difficulty can often be corrected.

Some physicians who have studied this subject intensively believe many headache victims have a driving personality, are particularly ambitious and keep pushing themselves long after they should let down on their activities. These people find it hard to let others do some of the work and keep themselves always tense and anxious.

Merry-Go-Round

By DREW PEARSON

WASHINGTON — The most important thing that happened backstage at the Chicago Democratic powwow was a fatherly pep talk which Harry S. Truman, ex-president, gave Adlai Stevenson, would-be president. At it Harry, the old bare-fisted political slugger, urged Adlai the cultured appealer-to-reason to get in there and pitch.

The talk occurred at an extremely private dinner before other Democratic bigwigs reached the Windy City.

Hitherto, Stevenson has been somewhat ill at ease with Truman. At times during the campaign last year he was irked and irritated at the way Harry insisted upon making his administration the most important issue.

Truman in turn had been needed by some of the old palace guard, notably Matt Connelley, against Stevenson. This time, however, they talked as equals and seemed to get along perfectly, however, even though Truman talked like a dutch uncle.

"It's your turn at the wheel," the ex-president told the would-be-president, "and I want you to take it."

"Leadership can't wait. The party needs it and you've got to step in and take it," Truman urged. "A political party doesn't run itself. It has to be given direction, its policies have to be shaped. And you can't stand back and wait until you've made up your mind what you want to do. There's been enough of this dignified acquiescence."

At one point in the discussion Stevenson expressed doubt that he could be elected. He said he wasn't sure he had all the qualifications necessary for the presidency.

"Aw listen!" replied the frank and impulsive ex-president, "if a knuckle-head like me could get elected and make a go of it, you wouldn't have any trouble at all."

A friend of Stevenson's predicted that as a result of the Truman pep talk he would take some forthright steps as leader of the Democratic party.

DEMOCRATIC GROWLS

The old gang-up against Sen. Estes Kefauver which took place in Chicago a year ago was apparent again the other night. Though Senator "Daniel Boone," as he's now called by many Democratic politicians, rolled up the biggest primary vote of any candidate last year he was barred by the palace guard this week from any prominent part in the Chicago festivities.

Speaker after speaker, some of them incoherent, popped up to the rostrum in a program that drag beyond the endurance of the most loyal Democrats, but Kefauver, who had made the mistake of arousing Truman's bitter enmity, was not among them. Even when the honored guests were introduced, toastmaster Senator Gillette carefully repeated to the audience that they were not to applaud until all speakers were introduced. He made this remark just before introducing the senator from Tennessee.

There was also Democratic resentment against Steve Mitchell, youngish, well-meaning national chairman. Mitchell has rubbed a lot of Democratic stalwarts the wrong way, some, such as Fulbright of Arkansas, so that they won't even speak to him.

In preparing the Chicago dinner, Mitchell completely ignored Col. Jake Arvey, the man who first picked Adlai Stevenson to run for governor of Illinois. Finally, after Mitchell got into trouble with his chairman, he went to Arvey.

"You've made your choice—go ahead with it," Arvey told him.

If it wasn't generally known that Mitchell was bowing out as chairman shortly, the Democratic National Committee should have acted this week to hasten his bow.

DEMS' BEST CRACKS

Here are some of the best cracks got off by Democratic bigwigs in the Chicago lampoonfest against the Eisenhower administration: Senator Sparkman of Alabama:

"When Senator Durkin's place is filled there'll be more money in the cabinet than in the treasury." . . . Congressman Dawson of Chicago, one of two Negroes in the house: "The job of a corporation is to make money. The job of the United States government is to have a heart for the American people." Yet Charlie Wilson says, "what's good for General Motors is good for the United States." . . . George Jessel, when a waiter dropped a tray: "That was John Foster Dulles; he just stubbed his toe again!" . . . Senator Gillette of Iowa, quoting Truman re Senator McCarthy: "If one man is afraid to speak his mind, then the nation is in peril of losing its freedoms."

. . . Eugene Anderson, ex-ambassador to Denmark: "How can we expect to build up the NATO defense of Europe when we are cutting down here at home?" . . . Adlai Stevenson: "The Republicans will now charge us with creeping harmony." "The Democratic problem is how to break through the sound barrier of the one-party press."

An Ohio girl smacked her auto into a telephone pole when her boy friend dropped his head over on her. Beware of soft shoulders!

Into The Past

10 YEARS AGO

Escanaba—Approximately 150 students are enrolled in the Escanaba vocational school, with many more declaring their intention to enroll in the immediate future.

Manistiquine—Improvement of the city water supply was placed as the project at the head of the list of the Manistiquine-Schoolcraft Chamber of Commerce. Nine other major projects are also listed.

Escanaba—Potato growers in the area have issued a call for school students to aid them in harvesting the potato crop. The harvest is heavy but the laborers are few.

20 YEARS AGO

Escanaba—Ray E. Cheney, superintendent of Escanaba public schools has been named a member of a committee interpreting the schools to the nation for the National Superintendents Association.

Gladstone—Dr. H. I. Miller will return to Gladstone in October to resume dental treatments for indigent children under the program of the Childrens Fund of Michigan.

Cooking Up a Hot Dish

Fabulous Career Of Nation's Top Gangbuster Makes History

EDITOR'S NOTE: Here's the first of three dispatches on the fabulous career of J. Edgar Hoover, whose record as head of the FBI is a phenomenon of federal job-holding never before matched in Washington history.

By DOUGLAS LARSEN
WASHINGTON—(NEA)—Two hoodlums sat in a black sedan parked on a dusty Oklahoma highway. They calmly debated whether or not to shoot the horrified man who lay trussed and gagged on the back floor.

Events in that case were taking place exactly 20 years ago this month.

"Machine Gun" Kelly was one of the hoodlums. The trussed victim was wealthy oil man Charles F. Urschel.

The career of J. Edgar Hoover hung in the balance during that discussion, political historians claim.

Both Kelly and Urschel are alive today. Kelly, incidentally, is trying right now to get the Oklahoma charge against him settled so he can apply for a parole from the life sentence he is serving in Leavenworth.

Fortunately for Hoover and Urschel, Kelly decided that because he and his pal had the \$200,000 ransom in hand there was no sense to add murder to the crime. Unfortunately for Kelly, Hoover took personal charge of the case, turned in a brilliant investigating and detective job, and cracked it wide open.

At that time in 1933, shortly after the Roosevelt Administration took over, stories were rife that Hoover was to be fired. He had doggedly refused to accept political appointees in his bureau. A lot of persons were saying Hoover had gotten too big for his britches. Political boss Jim Farley apparently shared that opinion, although he later had a complete change of mind.

But after Hoover's brilliant solution of the Urschel kidnapping, no politician would have dared fire him.

Today Hoover can look back on the earlier, stormy days of the FBI—and his own future—with great equanimity.

He has survived three changes of administration, served under seven presidents. He is now working for his 13th attorney general—a phenomenon of federal job-holding never before matched. It's even more unusual because ever since his days in the Department of Justice during the Mitchell Palmer anarchist raids of 1919, Hoover's work has kept him in the center of many vital, controversial national issues.

Even the toll of 58 years has been mild on him. The high school nickname of "Speed" still applies. He's very active, traveling around the country constantly. He's up on most details of the bureau's work. A growing fondness for good restaurants has robbed him of his former slim figure, but his thick mass of black hair is pretty well intact and his voice crackles with the same energy and authority.

HOOVER ON THE HILL: Congress is kind to him.

made before the House Appropriations Committee:

"The amount of fines, savings, recoveries affected, and claims settled in favor of the Government exceeded operating costs (\$81-595,559) by \$25,412,786. Over 10 years that excess totals \$122,000,000."

Few U. S. bureau chiefs can make that claim. It inspired Rep. Cliff Cleveland (R., Ohio) to say to Hoover after the hearing:

"I wish to thank you. I wish I knew of some other administrators just one-tenth as good as you are."

Hoover's war on crime reveals practically no defeats. Only two men—possibly three—can lay fair claim to having beaten him.

Only one man from the original list of the 10 Most Wanted Fugitives remains at large. He is Henry Randolph Mitchell wanted for the robbery of a Williston, Fla., bank in 1948.

The other man who outsmarted Hoover is an unidentified truck driver. He found Hoover putting on his front lawn and sold him a half-load of sheep manure for \$30. Next day Hoover was outraged to learn from his assistant, Clyde A. Tolson, a man with some agricultural background, that the manure was just clay and sawdust.

Gaston B. Means, a G-man of the corrupt, pre-Hoover vintage, might be considered a third to have bested him. Hoover sent him to Leavenworth for swindling Evalyn Walsh McLean out of \$100,000 in connection with the Lindbergh kidnapping.

Later, apparently bored with Leavenworth life, Means sent Hoover a note claiming the money was in a pipe in the Potomac. Hoover immediately put Navy divers on the job. Then Means sent another note admitting the first was a gag. Hoover fumed and Means died before the money could be located.

Fulfilling his campaign promise, Ike didn't touch Hoover's job, and, further, no one of the new team dreamed of patronage in the FBI.

Some students of Hoover's career claim there's a lot of luck in it. The Machine Gun Kelly case,

for instance. Others say it's plain hard work.

When denounced on the floor of the House of Representatives for allegedly being responsible for the 1919 Red raids, in connection with a bill to permit wire-tapping, Morris Katzeff, the attorney who defended the group of pinks, sent a message to Congress asserting that Hoover had had no part in the raids and that in his role of prosecutor he had been very fair.

On the day the famed Red, Emma Goldman, was deported in connection with those raids, it was reported to Congress that she said, "at least J. Edgar Hoover was fair to me."

He was violently attacked on the Senate floor by the late Sen. George Norris of Nebraska for the way the FBI handled the arrests of a group of left-wingers in Detroit in 1940. Norris called Hoover "the greatest hindrance to publicity on the American Continent today."

But Hoover's boss, then attorney general and now Associate Supreme Court Justice Robert Jackson, sprang to his successful defense.

HENRY R. MITCHELL: Only one of top ten still loose.

So They Say

True Americanism is an act of faith—an overwhelming belief that the individual man, with God's help, is an intelligent being, capable of self-rule.—J. Edgar Hoover, FBI chief.

I don't see how we can have a transient, broken up, unstable kind of family life and maintain a democratic civilization. Dr. Robert Foster, President of the National Council of Family Relations.

There is no evidence that the armed strength of the Soviet bloc is growing weaker. All intelligence reports indicate, in fact, that it is increasing.—General Gruenther, NATO chief.

Russian atomic power—bombs plus the ability to deliver them on the centers of power of the free world—is now substantial.—Thomas K. Finletter, former Secretary of the Air Force.

These Cleveland (sports) writers are the second worst You Boston writers are the worst.—Ted Williams, Boston slugger.

Sometimes at the end of a long hard day (private law practice) looks pretty good.—Attorney General Brownell.

Good Evening . . .

By CLINT DUNATHAN

BARGAIN RATE—Without jamming the parking meters or inserting slugs you can get parking space at a bargain rate in downtown Escanaba.

We mean the parking space in the lot adjacent to City Hall, which will accommodate 60 cars. Here is the way it works.

The parking meters in City Hall lot will give you nearly one hour of parking time for 2 cents, two hours for 5 cents, four hours for 10 cents.

The parking meters on the street will give you 24 minutes for 2 cents, one hour for 5 cents, two hours for 10 cents—which is double the cost of parking for the same time in the City Hall lot.

This information is not secret and the use of the City Hall parking lot by the public is legal and completely above board. All you have to do is drive in and insert the necessary coin in the meter.

ANOTHER WAY—Some people have another way of trying to cut down on parking expenses when they drive downtown on a shopping trip.

They go moving along the main street or circling around the block looking for a meter with time left on it. Sometimes they can get from a few minutes to nearly a full hour—all for free!

One couple I know spends considerable time looking for just such an opportunity. The husband drives and the wife gallops along the street, checking the unexpired time on parking meters.

This was working very well until she tripped and sprained her left wrist and right ankle. The medical bills totaled enough to have parked the family car downtown for 874 hours.

THE CONVENIENCE—The best way to use the parking meters is to approach each one as old friend in need of money. You slip a few coins into him and he smiles and gives you legal parking for a nominal cost.

The City Hall parking lot, however, is the best bet for anyone wanting to visit more than one shop in the downtown area. You can park there for two hours for 5 cents (it would cost you 10 cents on the street) and take your time on your shopping trip.

There is also the factor of keeping your car off the main street in the downtown area, which leaves spaces open to those who want to stop only for a short time.

Note: Ignore the signs on the City Hall parking meters. They tell you to insert only nickels and dimes, but pennies work, too. We know. We tried it.

FOR THE PUBLIC—The city has established the large City Hall parking lot for the benefit of the public. But the general public seems to be unaware that it costs only half as much to park there as it does on the street.

There will be some people who will say that the public would be better served if no charge was made for the off-street parking at City Hall lot.

This is a matter of opinion, not supported by even a casual observation of what happens to free parking space in the downtown business district. When space is free it is largely occupied by the autos (and sometimes trucks) of persons who are employed in the business district.

If the City Hall parking lot offered free parking it would be filled from morning until night by the vehicle of those who work in the area. This would not benefit the shoppers or the public in general.

FOR A FEE—The parking fee is, therefore, a means to open and keep open sufficient parking space for those who travel downtown on business.

The city does have a free parking lot near the Farmers' Market and another on First Avenue North in the 1200 block. They are used considerably, but because they are not in the heart of the business section they are not constantly filled during the day as would be the case with the parking lot at City Hall.

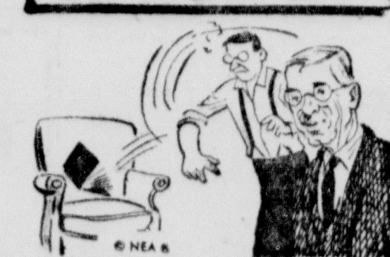

Perhaps the time may come when more off-street parking will be made available and no problem of space limitation will exist. When that time comes the parking meters can be removed—at least in theory.

Take your own sweet time and you are very likely to go sour on your job.

Keeping the place homelike is what puts truth in the expression, "There no place like home."

No news is good news—except at a meeting of the neighborhood women's bridge club.

UNCLE EF

Having just finished a book with much effort, Arch Nearbrite says it was just about as exciting as the musical notes for a bull fiddle in an orchestra number.

Grim Regime Provided In Prison
For Reporter Trapped By Czechs

EDITOR'S NOTE: This is the final article in the series written by William N. Oatis, Associated Press foreign correspondent. In previous articles he has told how the Communists in Czechoslovakia arrested him, tried him as a spy and sentenced him to 10 years imprisonment.

By WILLIAM N. OATIS

I spent more than 24 months, from the spring of 1951 to the spring of 1953, in Ruzyně Prison near Prague, Czechoslovakia. All that time I lived in a cell. I was arrested while serving as an Associated Press foreign correspondent. I was accused of espionage, convicted and sentenced to 10 years' imprisonment. I got out in less time on a pardon. In retrospect, the weeks and months seem to have gone by fast. That is because the prisoner remembers little that happened in them—because they were empty. This very emptiness makes each day itself seem to go by so slowly.

I used to wake, to the guard's reveille call, and think, "It is 16 hours till I can sleep again; how can I ever pass that time?" It was as if I had just fallen to the bottom of a deep well and must swim upward and upward, holding my breath, to save my life.

Dreams In a cell a man lives while he is asleep; while he is awake, he only exists. In dreams he lives the life he cannot live in reality. I dreamed of buying newspapers, walking the streets, riding trains, eating in restaurants, talking with my wife and friends.

Time goes most slowly when the prisoner is alone in his cell, because then he has only his own mind to help him fight time, and his mind is likely to play him false and turn to his fate. If he has a cellmate, he has the strength of two in the fight, because he has another's resources as well as his own.

I was alone only about three months in Ruzyně. But I knew one man that had spent more than nine months in solitary confinement, and another that had been waiting more than two years for trial, alone or with a companion. I had seven cellmates, one after another; two Czechs, two Moravians, a Slovak, a Slovakian Jew and an Austrian. They ranged in age from the 20s to the 60s—two mechanical engineers, a clerk, a priest, a policeman, an army officer and a politician.

The long day began with reveille around 5:30 a. m., and ended with taps around 9:30. In between, every incident, however routine, was a milestone; it meant that a certain amount of time was past, and the prisoner was that much nearer bedtime.

We dressed, folded our blankets, washed in cold water with coarse laundry soap and had breakfast. We waited for the mid-morning sandwich, given to the skinnier prisoners like me. It came, and we waited for lunch. That came, and we waited for the mid-afternoon sandwich. Then there was supper, and then there were three hours to bedtime.

I WAS DOOMED FOR A WHEEL CHAIR BEFORE DISCOVERING O-JIB-WA

Arthritis caused my knees to swell like balloons. Thanks to O-JIB-WA BITTERS, I am entirely better now, says Mrs. Jennie Gates, 2376 N. Cedar, Holt, Michigan.

"I am most happy to tell others of what O-JIB-WA BITTERS has done for me. I was told that nothing would ever help my arthritis and that I was doomed for a wheel chair for the rest of my life. I am entirely better now and walking perfectly again thanks to O-JIB-WA. I suffered from arthritis and sciatica for over 10 years, and had it mostly in my hips, legs and knees. Most of the time my knees were swelled like balloons and so big that you couldn't tell I had any. The only way I could move around at all was to grasp a chair or by sheer strength of my arms on a cane or crutch. I tried everything I ever heard of without success, but was determined not to give up, even though at times it was all I could do to drag my legs.

At All Leading Drug Stores CITY, WAHL, PEOPLES, BIDEER, IVORY DRUG STORES IN ESCANABA, DEHLIN DRUG, IVORY DRUG IN GLADSTONE, SIDDALL DRUG, PUTNAM DRUG IN MANISTIQUE.

Priscilla's Pop

The buying of cigarettes, candy, cookies and fruit from a prison officer who took orders at the cell door and delivered the goods a few days later; the arrival of clean unbleached-muslin underwear from the prison laundry (we got a change of our tan burlap uniforms only when they began showing dirt or holes.)

Outside Trips There were shower baths about every two weeks, trips to the doctor's or dentist's office as needed. (The dentist filled numerous cavities in my teeth. The doctor put me in the prison hospital with what was diagnosed as tuberculosis.)

There were, on rare occasions, walks in the prison courtyard. And there were, for me, five automobile trips to Prague, when I eagerly drank in all the sights of streets and houses and people and trees and grass and sunshine and sky and space that I missed in my cell.

The first time, I went to Pankrac Prison to testify at a trial of a group of Czechs accused of espionage and linked through a devious web with my case. The police made it clear how I was to testify. That was in March, 1952.

Six weeks later I was taken to the downtown police station to meet U. S. Ambassador Ellis O. Briggs. (Only then did I learn that the police had been wrong when they told me, "The American Embassy is doing nothing for you.")

Hands Outside There was a visit the following October with another embassy man, Charge D'Affaires Nat P. King, and a trip to a hospital for a physical examination some five months after that. I had a second visit with King only two days before with King (Neither of us knew then that I was about to be freed.)

Incidents like that were rare breaks in the monotony. In the cell there always came a time when we ran out of things to do, and there we were again, pacing the floor and waiting for bedtime.

Trenary Maxine Raab returned home from Hart, Mich., where she had been employed for the summer, spent two days with her mother, and left for Marquette, where she will resume her studies at NMCE, where she is a sophomore. Maxine is the daughter of Mr. and Mrs. Elmer Raab.

Railroad Wage Index Goes Up

WASHINGTON (AP) — The nation's 1,200,000 railroad workers may get two cents, perhaps three cents, an hour more pay when new government living cost figures come out next week.

Rail management and union representatives reached agreement here Wednesday on converting their contracts to the new statistics. The contracts have an "escalator" clause pegging pay to the government's cost of living index.

The government has announced its old method of calculating living costs and adopted a new one. It showed record living costs in June and July and is expected to rise again for August.

Rail labor sources said the August index, due next week, will mean at least a two cents raise and maybe three cents.

Maj. John Eisenhower Assigned To Benning

CHICAGO (AP) — Maj. John Eisenhower, son of President Eisenhower, said at Fort Sheridan Wednesday night that he has been assigned to report for duty with the 30th Infantry at Fort Benning, Ga., on Oct. 17.

Maj. Eisenhower, who returned recently from Korea, said he and his wife and three children will fly to Washington Saturday. They have been visiting at the home of his wife's parents, Col. and Mrs. Percy W. Thompson, at Fort Sheridan.

Wayne Steele, Of Press, Dies

Wayne Steele, 48, member of the advertising department staff of the Escanaba Daily Press, died yesterday at Rochester, Minn., where he was taken by ambulance plane a week ago. He had been confined to St. Francis Hospital the previous month.

Mr. Steele came to Escanaba from Mount Pleasant to join the Press staff in April of this year. He was engaged in advertising work for the Mount Pleasant radio station from 1943 until this year and before that worked for various newspapers and radio stations in Detroit and Flint.

He was a member of the Kiwanis Club and County Club at Mount Pleasant. He was an ardent sportsman and was considered an expert hunter and fisherman.

Surviving are his wife, Lydia, and one sister, Mrs. Kay Heiney, both of Mount Pleasant.

The body is being taken to the Stenson Funeral Home in Mount Pleasant. Funeral arrangements have not been completed.

Swiss Shift Hunt For Lost Family

GENEVA, Switzerland (AP)—Swiss police today began checking a theory that Mrs. Donald Maclean and her three children crossed the Iron Curtain into Austria last Saturday with a sleeping car ticket issued in London 12 days earlier.

Mrs. Maclean, the wife of a senior British Foreign Office official believed to have vanished into Soviet-controlled eastern Europe in 1951, disappeared from her home here a week ago.

She and her children were last definitely identified by a fellow passenger, Prof. Andre Guignard of Lausanne, on a train which left Lausanne for Zurich Friday. Beyond Fribourg, where the professor left the train, Mrs. Maclean's trail vanishes as completely as did two of her husband more than two years ago.

But Swiss police unearthed a slender new clue today in their investigation of the possibility that Mrs. Maclean changed trains in Zurich and travelled unnoticed into the Soviet zone of Austria.

A sleeping car compartment for two was ordered by a travel agency in London from Zurich to Vienna on the Arlberg Orient Express leaving Zurich Friday. The agency's Zurich office made the reservation and advised London accordingly, but received no notification of the name of the persons for whom the berths had been reserved. Tickets were issued to the unknown travellers in London Aug. 31.

Obituary

JOSEPH H. DUBORD
Funeral services for Joseph H. Dubord were held at 10 a. m. today at St. Anne's Church with Father Clifford Nadeau, celebrant of the requiem high mass. Burial was in Holy Cross Cemetery.

Pallbearers were Clifford and Paul Dubord, Henry Pepin, Edward Dubord, Stanley Benoit and George Dubord.

Those attending the rites were Mr. and Mrs. Leonard Miller, Mr. and Mrs. Paul Miller and Mrs. Mary Miller of St. Anne's Church, and Miss Doris Miller of Sheboygan, Wis., Mr. and Mrs. Henry Karls, Mr. and Mrs. Henry Boda, Mr. and Mrs. Leo Trott, Fond du Lac, Wis., Charles Ingram of Franklin, Tex., Mrs. Delore Colard, Menominee, Mrs. Joe Hervey, Iron Mountain, Mrs. Eva Pepin, Gladstone, Mrs. Delbert Mosier, Rapid River, Mrs. Mary Borden, Spalding and many other relatives and friends from communities in the Escanaba area.

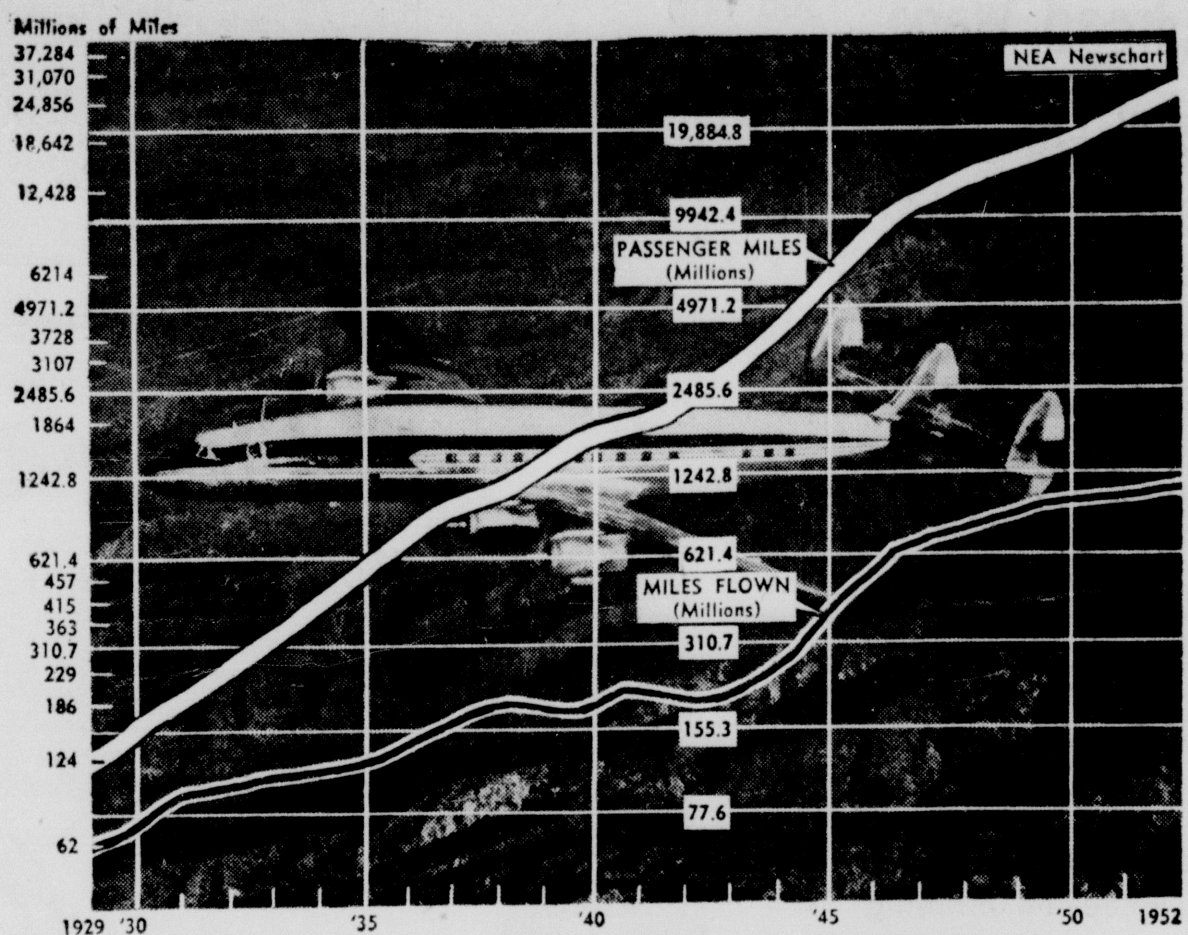

MRS. LOUIS N. SCHEMEL
Funeral services for Mrs. Louis N. Schemmel, pioneer resident of Escanaba who died Wednesday, will be held at 9 a. m. Saturday at St. Joseph's Church with Father Bertin Harrington, O. F. M., officiating. Burial will be in Holy Cross Cemetery. The St. Joseph Altar Society is reciting the rosary at 3:30 today at the Alto Funeral Home and the Third Order and general recitation will be at 8 tonight.

MRS. FRANK LACHAPPELLE
Final rites for Mrs. Frank Lachapelle were held at a requiem high mass at 9 a. m. today at St. Anne's Church. The Rev. Robert Callari, a nephew of Mrs. Lachapelle, was celebrant of the funeral mass. Burial was in Holy Cross Cemetery.

Pallbearers were Gilbert and Nap Lachapelle, Robert Osier, Jack Fisher, George Cota and Alfred Breaux.

Ronald Lachapelle of San Diego, Calif., Frank Bessaw of Manitowish and Mr. and Mrs. Fred Lachapelle of Iron River attended the funeral.

Oil men estimate that more dirt has been moved to bury pipe lines, most of which carry oil products, than was required to dig all the canals used since the beginning of time.

AIR TRAVEL IS UP—The remarkable growth of civil air travel in recent years is shown by the steadily rising lines on the Newschart above. It is based on a recent bulletin of the International Civil Aviation Organization, Montreal. Bulletin gave data in kilometers, which have been translated into mileages on the chart, accounting for the lack of customary round figures. The ICAO points out that the world's scheduled airlines carried 45 million passengers in 1952 compared with 39,900,000 in 1951 and 21 million in 1947. In the U. S., airline passenger traffic was about equal to the Pullman (first class) railway services in 1951 and exceeded it by 20 per cent in 1952. Nearly 1,400,000 people traveled by air between the U. S. and overseas countries last year.

Kremlin Chooses Right Time For Bomb Propaganda

(Continued From Page One)

Eisenhower expressed this country's policy on working out peace with Russia.

Put Up Or Shut Up
He said this country would take Russian peace talk seriously when Moscow showed it wanted peace.

He gave a list of deeds he said would show Russian good faith: a Korean armistice and peace conference; unification of Germany; a peace treaty for Austria; and others.

The Communists have met only one of Eisenhower's terms: they agreed to an armistice in Korea.

Thursday, in his speech to the U. N. restating what Eisenhower had said in April, Secretary of State Dulles simply told the Russians that five months have not softened the American attitude toward Moscow.

He talked for 37 minutes. What he said could be boiled down to five words: put up or shut up.

4-H Program Set Except For Speaker

A speaker for the 4-H achievement awards program Tuesday night at 8 in the junior high school auditorium has not been definitely selected, but the rest of the program is set, Fred Bernhardt, county 4-H agent, said today.

The program will wind up 4-H summer activities for this year in Delta County, Bernhardt said. The Michigan Farmer Magazine Awards to the outstanding 4-H boy and outstanding 4-H girl in the county throughout the past year will be presented. The Delta County 4-H Council chooses winners of this award, referring to index cards which show records of every county member.

Also prominent on the award list are several awards to clubs turning in the best secretaries' books for the year. In addition, individual awards for summer project achievement will be made.

Everett Miron of Cornell will tell about her trip to Washington, D. C., in June, when she attended National 4-H Club Camp. Miss Miron will show colored slides of her trip.

Joyce Winling of Pine Ridge will sing, Bernhardt said. Miss Winling's number hasn't been definitely set, but the County 4-H Council has asked her to sing "Place in the Sun," a song composed by Fred Waring and dedicated to 4-H clubs, Bernhardt said.

Patricia Hicks of Ford River will sing, Bernhardt said. Title of her song is not known yet.

Tibet is the highest country in the world.

Wall Street

NEW YORK (AP)—The stock market declined a little today following a three-day rise.

There was no urgency about the selloff. Losses went to between one and two points in a few cases. Most changes either way were quite small.

Volume was at a pace less than Thursday's low 1,290,000 shares. No one section of the list dominated the trading pattern.

Railroads were lower than other major divisions. Also down were oils, coppers, steels, motors, rubbers, chemicals, motion pictures, and radio-televisions.

Lower stocks included Atlantic Coast Line Railroad, Bethlehem Steel, Studebaker, American smelting, Sinclair Oil, Loew's, Union Carbide, Zenith and American Can.

U. S. government securities were down a bit.

Briefly Told

Parking Enforcement—Time limits on parking in City Hall parking lot will be strictly enforced starting at 6 p. m. today, said Glen S. Leonard, city safety director.

Missing From Home—Harold "Eddie" Myers, 16, of 207 N. 10th St., and Daina Mattox, 14, of 115 S. Fifth St., have been missing from their homes since yesterday afternoon, it was reported to Escanaba police. State and city police in other communities have been notified.

Motorists Ticketed—Escanaba police have issued traffic tickets to the following motorists: Leslie F. Miller, 913 Washington Ave., failure to have car under control; Milton H. Lauscher, 426 S. 22nd St., defective muffler; Robert Joseph Miron, Perkins, defective rear lights.

Released On Bond—Leroy King, of Escanaba Rte. 1, who was being held in county jail on a larceny charge, was released Thursday afternoon on \$2,000 bond. Judge Caroline Nystrom said today. The case was continued for three weeks. King is alleged to have cashed a check from an Indiana firm which an erring clerk wrote for \$6,000 in excess of the correct amount.

Korean Says He Got \$5 To Help Capture Gen. Dean

(Continued From Page One)

Dean met in the Chinese area, Han said. "Yes." "When was it?" I asked. "Without hesitation Han said 'Aug 25, 1950.'"

Asked what the general said at that time, Han said, "He did not say much. I could not understand the few words he said."

Han claimed he had intended to lead Dean to "a hotel." But he said, a group of Communist "home guards" caught the general on the way.

Police said Choe also received a reward from the Reds.

Yom Kippur Opens

NEW YORK (AP)—Yom Kippur, the Jewish day of atonement, will start at sundown tonight and end at sundown Saturday.

The holiest day of the Jewish calendar, Yom Kippur closes the 10-day period of penitence and prayer that began on Rosh Hashanah, the Jewish New Year.

Big Farm Show On In Wisconsin

BY ARTHUR BYSTROM
AUGUSTA, Wis. (AP)—Midwest farm folk by the thousands streamed into this small Wisconsin community today to see the biggest agricultural show of the year.

They gathered on the 800 acres that make up the Thompson Creek watershed to learn how best to fight corrosive effects of the weather, to see state and national plowing matches and to view a two million dollar exhibit of farm machinery.

The two-day show is called the National Soil Conservation Field Days and Plowing Matches.

On the first day's schedule today were the Wisconsin plowing matches; demonstrations of stream bank improvement, waterways, terracing, tiling and channel changing and programs for rural women stressing modern home-making ideas. The national level and contour plowing champions will be decided Saturday. The final event on the program is a major address by Secretary of Agriculture Benson.

The two national champions crowned at Kasson, Minn., last year will defend their titles. They are Graeme Stewart, Plainfield, Ill., the level land winner, and Martin Cummins, Lewistown, Ohio, the contour king.

MODERN NAMES
Not all the star constellations were named by the ancients. Many of them bear such modern names as Antlia (the air pump), Circinus (the compass), Microscopium (the microscope), and Sextans (the sextant.)

Mrs. Hynes, 49, Of Garden Dies

Mrs. Gladys Hynes, 49, of Garden, widow of Albert J. Hynes, died at 7 p. m. Thursday at her home. She had been in failing health the past year.

A life-long resident of Garden, she was born there Nov. 22, 1904. She was a member of St. John's Church and was active in parish affairs before her illness. Her husband died three years ago.

She is survived by one son, Allen of Escanaba; one daughter, Mrs. Vanner G. Erickson, the former Roselyn Hynes, Garden; two sisters, Mrs. Joseph Duchene and Mrs. Anna Mayo, Garden; four brothers, Ernest, Edward, Charles and Bonard Tatrow, Garden; and nine grandchildren.

The body was taken to the Kefauver and Jackson Funeral Home in Manistowish where friends may call beginning Saturday afternoon. It will be removed to the home of Mr. and Mrs. Ernest Tatrow in Garden Sunday afternoon. Funeral services will be held at 9 a. m. Monday at St. John's Church with burial in Garden Cemetery.

Chatham And Trenary Lions Stage Benefit Shows Sept. 18 And 19

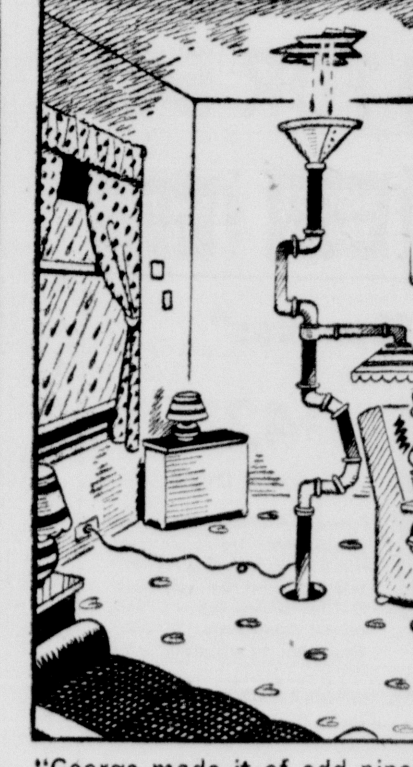

The members of the Lions Clubs of Chatham and Trenary have joined forces and are sponsoring an all-male, home-talent, benefit theatrical performance. The proceeds from this novel entertainment will be used to assist a Limestone handicapped child.

The local Thespians will play two one-night stands, opening at the Trenary gym on Friday, Sept. 18, with the second showing at the Eben gym on Saturday, Sept. 19, curtain time 8:30 p. m.

The child for whom this Lions' benefit is being given has had the attention of Mrs. Frances Gosselin, Alger County welfare agent for the past two years. He is one of a family of ten children, and is handicapped by reason of extremely poor vision, but not to the extent that would qualify him for admission to the State School for the Blind.

The child desperately needs special educational facilities and, so far this has been made possible for him through admission to the Sight Saving Room of the Franklin School, Escanaba. Through the intervention of Mrs. Gosselin, John A. Lemmer, Delta County superintendent of schools, and the generosity of the Munising, Trenary, Chatham and Escanaba Lions' clubs, it has been possible to provide the necessary funds to cover the costs of these special facilities, up to the present.

President Asked To Answer Blast From Democrats

(Continued From Page One)

who follow this glib philosophy."

He said that while he is not foreclosing all negotiations with Moscow, "The only time to sit down at the conference table is on our own terms, not theirs."

"There can be no hope of stopping Communist aggression with the cooki-e-pushing philosophy which Harry Truman and Dean Acheson (former secretary of state) espoused for six long years and Adlai E. Stevenson now dresses up in new language once again," he asserted.

Ferguson twitted the Democrats in a prepared speech today for calling on Jacob M. Arvey, Illinois Democratic national committee leader, to tell them to concentrate on the farm problem in next year's battle for control of Congress.

Eggheads In Control
Ferguson said that Arvey and Gov. G. Mennen Williams of Michigan, who captained a Democrat forum on agricultural issues here earlier in the week, "offered no alternative."

He said that "responsible Democrats" were turning to Eisenhower's leadership, adding: "As long as the radical egghead elements control the Democratic party, as they do now, this country cannot survive another Democratic administration."

Ferguson credited President Eisenhower with "forcing" the Chinese Communists to accept a truce, adding that "thanks to the Eisenhower administration American boys are no longer being killed in Korea."

He said that Eisenhower's April 16 speech "served plain notice on the Soviet Union that there was now an administration in Washington which would measure Soviet intentions by its actions, not by its words."

Ferguson credited this speech with bringing speedy results. "Communist fliers began to desert, William Oatis (Associated Press correspondent in Czechoslovakia) was released, the exchange of prisoners was commenced, the Korean truce was effected and riots broke out behind the Iron Curtain for the first time since the Soviet masters took over control," he declared.

Membership Opposed

TOKYO (AP)—Foreign Minister Katsuo Okazaki said today Japan is contemplating asking for "a sort of associated membership" in the United Nations. Soviet Russia is blocking full membership for Japan.

U. P. Polio Case Load Increases

MARQUETTE—Upper Michigan's poliomyelitis case load climbed to 126 today with the report of four additional cases.

The City Health Department stated that one of the victims is a two-year-old Marquette girl, who is being treated at the Northern Michigan Clinic as an "outpatient," and staying at home.

The onset of the disease was on Sept. 4 and diagnosis of polio was confirmed on Sept. 11.

The other three are from Menominee County. They are an 11-year-old Daggett boy, stricken on Aug. 28; a 10-year-old Stephenson girl, hit by polio on Sept. 5, and a seven-year-old Nadeau girl, stricken on Sept. 3.

They are patients in St. Joseph's-Lloyd's Hospital, Menominee.

The U. P. polio case load, for 1953, by counties:

Marquette, 66; Baraga, 13; Alger and Menominee, 10 each; Delta, seven; Chippewa, six; Houghton, four; Gogebic and Iron, three each; Dickinson and Schoolcraft, two each, and Luce and Mackinac, one each.

Keweenaw and Ontonagon do not have any polio cases to date this season.

In 1952 there were 168 cases of polio in the U. P.

Reds Claim They Hold But Handful Of Allied POWs

(Continued From Page One)

quently reflects official opinion, said he made "an exhaustive search" for Capt. James A. Van Fleet Jr., son of the former 8th Army commander, but he said the young pilot is not a prisoner and never was. He indicated Van Fleet died in the crash of his B26 in April, 1952.

Some Fliers Detained
Burchett had told newsmen last week that some Allied fliers are being held by the Communists, but he said they are special prisoners whose release must be handled through diplomatic channels.

Burchett said the fliers had gone down in Manchuria—bordered territory to Allied pilots in the Korean War—and thus were not classified as war prisoners.

He gave no numbers of nationalities other than to say one of the men was Capt. Harold Fischer Jr. of Swea City, Iowa, one of America's double jet ace 10 or more kills.

An Allied spokesman said names of the 10 or more prisoners returning at 11 a. m. Saturday (8 p. m. Friday Cst) would be released soon after they are freed. He said they will have their choice of whether to be interviewed.

More people get more news from newspapers than from all other sources combined.

Home Building Slump Believed Abated By Labor Department

WASHINGTON (AP) — The Labor Department said today a recent decline in home building starts "seems to have abated."
There was a sizeable decline in starts in July, but the Bureau of Labor Statistics estimated August starts at 94,000 only 2,000 fewer than in July.
The bureau said starts so far this year through August were 769,800 units, about the same as in the first eight months last year.

Paper Company Head Denies Pollution Of Kalamazoo River

ALLEGAN (AP)—David H. Greene, president of Otsego Falls Paper Co., pleaded innocent Wednesday in Municipal Court here of polluting the Kalamazoo River. Judge Irvine L. Andrews set trial for Sept. 30.

Greene was accused of "dumping in the river a substance which would kill fish or animals" in a complaint signed by Allegan Attorney Leo W. Hoffman representing some 200 Allegan residents.

Charges followed summer-long complaints by Allegan residents that polluted river water has killed fish and birds and has released a gas that damages the paint on their homes.

The paper company is one of seven operating upstream from Allegan. The charge is a misdemeanor punishable by a maximum of 90 days in jail or \$100 fine.

The Michigan Council of State College Persidents estimates enrollments at Michigan's public colleges and universities will rise from 70,000 in 1952 to 160,000 in 1970.

ARE SCHOOL DAYS DEPRECIATION DAYS FOR YOUR CAR?

IF HAULING THE KIDS TO SCHOOL IS CAUSING EXCESSIVE WEAR ON YOUR GOOD CAR, YOU WILL BE INTERESTED IN THIS THOUGHT!

Auto dealers use the word "clean" to describe a car that is in good condition. The value they place on your car when you get ready to trade will depend on how "clean" it is.

Children have a way of making a car depreciate in value at a faster than normal rate. That is why it will pay you to consider the advantages of getting a good used car to haul the kids around.

Let an older car take the wear and tear, and preserve the value of your good car.

It's easy to own a second car. Used car values are greater now than at any time since before the War, and prices are lower. This is an excellent time to buy a dependable used car.

Today and every day you will find many used cars from which to make your selection on the Classified ad page of the Escanaba Daily Press.

Barbara Duchaine, Charles Foster II Will Speak Vows

Miss Barbara Duchaine, daughter of Mr. and Mrs. William J. Duchaine of 1305 8th Ave. S., and Charles Henry Wheelwright Foster II of Charles River, Mass., will repeat their marriage vows in a ceremony at 8 p. m. Saturday in the First Presbyterian Church of Escanaba.

The Rev. James H. Bell will solemnize the service.

The bride's only sister, Nancy, will be her maid of honor. Mr. Foster's older brother, Rockwood H. Foster, is coming from Washington D. C. to serve as his best man. They are sons of Mrs. Reginald Foster of Charles River. Another brother, Hugh K. Foster, will usher with John D. Ingram of Lake Forest, Ill., and Shepard Brown of Charles River.

The bride's parents will give the reception immediately following the ceremony in the Marine Room of the House of Ludington where the rehearsal dinner is being held tonight.

Personals

Mr. and Mrs. Edward Cox, 501 S. 10th St., left today for Milwaukee and Chicago where they will spend several days visiting relatives.

Mr. and Mrs. Joseph Gardner, 613 N. 23rd St., left today for Chicago where they will visit with Mr. Gardner's brother, E. J. Gardner. They also will visit at Milwaukee with Miss Odell St. Pierre. They will return home in 10 days.

Miss Lynn Bergman, daughter of Mr. and Mrs. Lency Clairmont, 720 S. 10th St., left today for East Lansing where she will enter her sophomore year at Michigan State College.

Miss Mary Boucher, a former Escanaba resident, returned to her home at Marinette after visiting with a friend, Barbara L'Heureux, 1203 1st Ave. N. Mary was employed at Blaney Park Resort during the summer months.

Mr. and Mrs. Francis LeHoullier of Grand Rapids are visiting at the home of Mr. LeHoullier's mother, Mrs. Adolph LeHoullier at Wells. They came to attend the wedding of his brother, Allen, to Miss Delores Demese Saturday.

Mrs. Carl Iverson of Ferndale, Mich., is visiting at the home of her brother-in-law and sister, Mr. and Mrs. Earl DeShambo of Gladstone Rte 1. She will attend the wedding of her nephew Allan LeHoullier.

Mr. and Mrs. Dave Gardner of Hot Springs, Ark. are spending several weeks vacation at the home of Mr. Gardner's parents, Mr. and Mrs. Joseph Gardner, at Wells. They will return to Arkansas at the beginning of next week.

Mr. and Mrs. C. L. Cuthbert, 230 Lake Shore Drive, left today for Walled Lake to attend the funeral services for Dr. Oliver McKenzie, Mrs. Cuthbert's brother-in-law.

Mrs. William A. Smith of Elgin, Ill., is visiting at the home of Mr. and Mrs. Isadore Stein. Mrs. Stein is Mrs. Smith's daughter.

Mr. and Mrs. William Garbett, 604 State Road, returned last night from Milwaukee where they attended the funeral services for Mrs. Garbett's cousin, LeRoy Swayer.

Mr. and Mrs. Charles Larson, 980 Stephenson, are leaving tonight for Clancy, Mont., where they will visit with a sister of Mr. Larson whom he has not seen for 25 years. They expect to be gone about two weeks.

Will Demonstrate Polio Care Monday

Miss Jan Kennedy, orthopaedic nursing consultant from the Michigan Crippled Children's Commission, will talk and give demonstrations on nursing care of polio patients during a regular meeting of the Delta District Nurses Association Monday at 7:30 p. m. The meeting will take place in the physiotherapy room of Escanaba Junior High School.

Miss Kennedy works in the Upper Peninsula, out of Marquette.

Story Hour At Library Saturday

Story Hour will be held at 10 a. m. Saturday at the Carnegie Public Library with Mrs. Kenneth G. Jensen, children's librarian, in charge. The stories are "The Girl Who Turned Into a Doll" and "The Runaway Shadow". All children three and older are invited to attend.

Want to know how to choose the right curtains for a room? Look at the walls and floor coverings first and let them influence the amount and kind of design used in the curtains. There may be a color in the wallpaper or rug that you will want to emphasize in the curtains. Or you may decide on plain curtains because there is already enough design in the room in the wallpaper or rug.

When you are using your oven for baking or roasting, it's a good idea to take out your broiling pan so as to protect it from extra heat.

CAMPUS CREATIONS . . . Girls attending dressmaking designs classes at Stephens College, Columbia, Mo., design and model these Susie Stephens fashions which form part of their school wardrobe as well as being displayed in fashion shows throughout the state. The two outfits here were designed by Pat

Fischer, of Saginaw, Mich. The pastel dotted wool dress and stole at left are modeled by Ann Kienker of Mexico City; the white faille evening gown at right with its empire jacket of green velvet is worn by Olivia Twining, daughter of Gen. and Mrs. Nathan P. Twining, Washington, D. C.

They are: October, Mrs. Henry Wylie; November, Mrs. Joel Lee; December, Mrs. E. R. Cole; January, Mrs. John Tornberg; February, Mrs. Barnett Mills; March, Mrs. Mike Farrell; April, Mrs. James E. Frost; and May, the closing luncheon, Mrs. John A. Lemmer, assisted by Mrs. Frank W. Andrew, Mrs. Earl Brown, Mrs. Emerson B. Harvey, Mrs. C. W. Bissell, Mrs. Henry G. Olson, Mrs. Daniel Sheeran, Mrs. Charles Thielicke, Mrs. P. S. Clark, Mrs. Kryn Bloom, Mrs. F. M. Fernstrom, Mrs. T. R. Padgett, Mrs. William Shaw and Miss Stella Nadeau.

Outstanding speakers engaged include Mrs. Judith W. Lowe of Michigan City, Ind., noted traveler and lecturer, and a former member of the faculty of the Sorbonne in Paris and the University of Madrid in Barcelona and Margaret Utinsky, known internationally as "Miss U" and author of the book, "Miss U", one of the most fantastic stories to come out of World War II already in its fourth printing.

Glamor Girl From Dublin Amazed By American Women

By DOROTHY ROE
AP Women's Editor

American women are even more remarkable than American skyscrapers, in the opinion of Sybil Connolly, the Dublin beauty who in a brief six months has taken the field of international fashion by storm.

Her admiration for American women is inspired, not by feminine tycoons and careerists, but our housewives and mothers. They amaze her by the ease with which they raise large and handsome families, run complicated households, entertain on a lavish scale and manage to look like debutantes when the occasion demands it.

Says she: "The most wonderful thing I have seen in America is its family life. It has been a surprise, because in Europe our impression of the United States is gleaned principally from Hollywood, and we have the idea that easy divorces and multiple marriages are the accepted thing throughout the country."

"Now that I have visited some American homes I realize that the women here are much better mothers and housekeepers than those in Ireland, where even low-income housewives have at least one maid, and where the wife and mother doesn't have to lift her hand unless she wants to."

"I'm constantly amazed at the way American women raise their families and run their homes with little or no domestic help and seemingly with such little effort."

This new glamor girl of the fashion world is loyal to the charm of the Irish, but admits, after sober thought, that she would not be adverse to the idea of marrying an American, because—

"They seem to be such good husbands."

Social-Club

Immanuel Aid Sale
The Ladies' Aid of Immanuel Lutheran Church are conducting a bake sale Saturday, beginning at 12 noon, at Bonefeld's Furniture Store.

Bake Sale Saturday
St. Theresa's group of St. Ann's parish will hold a bake sale at the Quality Home Furniture store on Ludington St. starting Saturday at noon.

Shirley Ann's Party
Shirley Ann Vermullen, daughter of Mr. and Mrs. Charles Vermullen, 525 S. 12th St., who was seven years old Thursday, had a party from 4 to 6 at her home in celebration of the day.

The children played games with prizes awarded to Karen Lancour and Mickey Tryan. A birthday supper was served at 5. Guests were Suzanne VanEffen, Cheryl Severinsen, Karen Lancour, Buddy, Gary, Mickey, Bonnie, Donna and Allen Tryan, David Formenti, Jalene Peterson, Jimmie and Johnnie Reynolds, Ronnie and Jackie Peltin and Shirley Ann's brother, Tommy. Mrs. Vermullen was assisted by her sister, Mrs. Louis Tryan.

Birthday Party
Stephen Reno Miketinae, son of Mr. and Mrs. Frank Miketinae, celebrated his third birthday at an outdoor party held in his honor Wednesday afternoon.

The yard and tables were decorated in a theme of yellow and green complementing the colors of the birthday cake. Favors were presented to each small guest after which a party lunch was served.

Guests attending were Mary, Mike and Patsy Kidd, Judy Zeno, Cheryl and Karen Koski, Margaret Ann, Kathy and Johnny Pucci, Betsy Baltic, Kathy Iverson, Susan Micensky, Lynette Lueneburg and Stephen's sister, Roberta Ann.

Felix Johnsons Honored At Silver Wedding Party

DANFORTH—A large group of relatives and friends gathered at the Felix Johnson home Tuesday evening to assist Mr. and Mrs. Johnson in the celebration of their silver wedding anniversary. Arrangements for the party were made by Mr. and Mrs. Lloyd Johnson and Miss Agnes Mattson.

Colored slides of the Alaska Highway, various parts of Alaska and British Columbia and scenic and historic places in the Upper Peninsula were shown by Ralph Samuelson of Chatham.

A wedding cake, decorated in silver, centered the table for the party lunch with white tapers in double crystal holders at either side. Miss Freda Breaker of Depere presided at the silver service. Seasonal flowers were used in the decorations throughout the home.

Mr. and Mrs. Johnson were presented with many beautiful gifts.

Out-of-town guests were Miss Agnes Mattson of Oshkosh, a sister of Mrs. Johnson, Miss Breaker, Mr. and Mrs. Ralph Samuelson of Chatham and Mrs. Signe Bonifas of Isabella.

"They seem to be such good husbands."

Pauline Frans Will Be Bride Of Robert W. Nelson

The Rev. David L. Carlson of Minneapolis, a close friend of the bride's family, will officiate at the wedding tomorrow of Miss Pauline Frans of Chicago, daughter of Mr. and Mrs. Carl V. Frans, 926 Sheridan Road, and Robert William Nelson, son of Mr. and Mrs. Anton O. Nelson of Farmington, Conn.

The wedding ceremony at 4 p. m. at the Ev. Covenant Church will be followed by a reception in the parlors of Calvary Baptist Church.

Miss Iris Frans of Chicago will be honor attendant for her sister. The bridesmaids are Miss Ruth J. Johnson of Escanaba and Mrs. Russell Bankson of Chicago, a classmate of the bride. Arthur Nelson of Concord, N. H., is serving as his brother's best man, and classmates, Walter R. Hodgekinson and Russell Bankson will seat the guests.

The rehearsal dinner, a smorgasbord, will be held at 7 this evening at the home of the bride's parents.

Births

Mr. and Mrs. Jack Foster, 1004 S. 10th St., are the parents of a daughter, Ellen Kay, born at 8:15 a. m. today at St. Francis Hospital. The baby weighed 8 pounds and 1 ounce. Ellen Kay has one sister, Kristin.

Mr. and Mrs. Sam Saykily, 1829 3d Ave. N., are the parents of a daughter born Sept. 17 at St. Francis Hospital. The baby weighed 6 pounds and 7½ ounces.

A son was born to Mr. and Mrs. Theodore C. Hanchek Jr. of Wilson Sept. 17 at St. Francis Hospital. The baby weighed 7 pounds and 5 ounces at birth. His name is Robert Steven.

John Cline, 69, Dies In Mukegon

John C. Cline, a lifelong resident of Manistique, died Thursday evening at the age of 69 in the home of his son Lawrence in Muskegon. He had been living with his son two months.

Cline was born December 25, 1883, in Thompson. In 1907 he married Miss Theresa Isaac in Manistique. Mrs. Cline died in Manistique June 9, 1938.

He was a member of St. Francis de Sales Catholic Church.

Cline is survived by three sons, Ernest of England, Europe; Stephen of New Orleans, La.; and Lawrence. Two daughters also survive, Mrs. George Doner of Muskegon and Mrs. Carl Alexander of Manistique. A sister, Mrs. Celia Sweet of Muskegon Heights and a brother, Edward Cline of Columbus, O., survive, as do 12 grandchildren and three great-grandchildren.

The body has been taken to Pacheny Funeral Home in Muskegon. Funeral arrangements are not complete, but they will be in Manistique from St. Francis de Sales Church. Burial will be in Manistique.

Miss Janet Hughes, Former Resident, Is Wed At East Lansing

Five maids in gowns of golden-green iridescent silk taffeta stood with Miss Janet Ellen Hughes, former Manistique resident, when she became the bride of James William Teel of Chicago in Alumni Memorial Chapel on the Michigan State College campus in East Lansing, Saturday afternoon, Sept. 12.

Rev. Roy J. Schramm officiated at the single ring rites.

The bride, who attended Stephens College, is a graduate of M. S. C. She is the daughter of Mrs. Gordon W. Hughes, 618 Grove St., East Lansing, and the late Mr. Hughes, who were Manistique residents from 1925-1950.

Mr. and Mrs. Harry Clay Teel of Chicago, Ill., are parents of the bridegroom. He attended Northwestern University.

Given in marriage by her brother, Pvt. David Hughes, the bride wore a gown of ivory silk, from Pakistan, fashioned with a full skirt which flared in unpressed pleats from the snug bodice. A cap of lace which her brother David, brought from Brussels caught her fingertip veil of illusion. She carried a trailing crescent of white chrysanthemums and lemon leaves and a lace handkerchief which belonged to her great-grandmother.

Reception At Hughes' Home

Miss Catherine Sherman of Manistique was honor attendant. Bridesmaids were Miss Patricia McDonald of Flint, Miss Mary Musselman and Mrs. William Neal of East Lansing, and Miss Ann Wilbur of Kalamazoo. All the attendants wore moss green velvet leaves in their hair and carried semi-crescents of bronze Fuji "mums" and wheat.

Margo Williams, niece of the bride, was flower girl. She wore a gown of crisp organdy over yellow taffeta, and carried a basket of yellow rose petals.

Harry Clay Teel III, of Forest Park, Ill., was his brother's best man. Guests were seated by Wallace Bissinger, Stanford Goldner, John Horton of Chicago, and Arlen Ramsay of Oak Park, Ill.

Soloist was Miss Sherman, the bride's maid of honor.

The mother of the bride wore a costume suit of Dior blue surah with matching hat of panne velvet. Her corsage was of Amazon lilies. The bridegroom's mother wore navy blue taffeta with velvet touches and mauve pink hat and gloves. Her corsage was a glamelia of matching hue.

At the reception in the home of the bride's mother, punch was served from a silver punch bowl in the dining room, and canapes, coffee and wedding cake were served under a marquee in the garden. The table, covered with white taffeta and net, was centered by an arrangement of white Fuji mums in an antique Wedgewood tureen.

Home In Forest Park

Assisting at the reception were Mrs. Russell Watson of Manistique, Miss Marcia Greis of Ne-gaunee, Mrs. Clement Laurion of Lansing, Mrs. M. F. Williams of Detroit, Mrs. Faye Lewis and Miss Mildred Jones of East Lansing, Mrs. George Carruthers of Grosse Pointe and Mrs. Llewellyn Yarnell of Reading, Pa.

When the newlyweds left for a honeymoon trip to northern Michigan, the new Mrs. Teel wore a beige and brown tweed suit with brown alligator accessories. Her corsage was of green orchids.

After October 1, the Teels will reside at 920 Elgin Ave., in Forest Park, Ill.

MANISTIQUE

GOLDEN WEDDING—Mr. and Mrs. David Brock of Manistique, who were married 50 years ago today (Friday) in Sault Ste. Marie, will observe their golden wedding anniversary Saturday with an open house from 3 to 5 and 7 to 9 p. m., in Manistique township hall. The couple has eight children. (Linderoth Photo)

THE FORMER VERA WEBER, daughter of Mrs. Minola Weber, 331 Oak St., and George Weber, was united in marriage on Sept. 12 to Donald Kunes, son of Mr. and Mrs. Wenzel Kunes, of Tech Mills, Wis., at St. Francis de Sales Chapel. (Linderoth Photo)

Social

Bridge Party

Mrs. Ralph Williams, 318 Range St., entertained members of her bridge club Tuesday evening at her home. Bridge awards went to Mrs. Peter Babladelis, Mrs. C. S. Johnson and Mrs. Howard Holland. Lunch was served later.

Study Club

The Manistique Study Club met Wednesday evening at the home of Mrs. Kenneth VanEyk, 320 Lake St.

Mrs. Russell Watson reviewed the book "Atlantic Harvest", a collection of articles and stories which have appeared in the Atlantic Monthly, edited by Aillery Sedgwick.

Lunch was served.

Mrs. Myrtle Baker was a guest of the club.

Eighth Birthday

Linda Lou Osterhout celebrated her eighth birthday anniversary Wednesday afternoon with a party at the home of her parents, Mr. and Mrs. Kenneth Osterhout, 605 W. Elk St.

During the afternoon games were played and prizes were won by Sally Chartier and Candy Olson.

A birthday lunch was served later from a table centered with a decorated cake.

Those attending were Mary Ann Courmay, Sally Chartier, Judy Chartier, Candice Olson, Pat Berger, Sheila Wilson, Susette Green, Phyllis Gouff, Jill Rydquist and Sandy Saffer.

Dessert Bridge

Mrs. A. J. Cayia Jr., 423 Arbutus Ave., entertained a group of friends at a dessert party Tuesday evening in honor of her mother, Mrs. V. J. Conces, of East Chicago, Ind., who has been spending the past three weeks visiting here.

Prizes were awarded to Mrs. Alvin Nelson and Mrs. Myrtle Baker.

A luncheon was served at the close of the evening.

Catholic School Enrolls 271 Here

St. Francis de Sales school this year has an enrollment of 271, the largest in several years, Sister Anthony, principal, reports.

The largest class is the first grade, which this year has 50.

Enrollments in other grades are as follows:

2nd—31; 3rd—35; 4th—33; 5th—31; 6th—31; 7th—36; 8th—34.

Briefly Told

BYF Meeting—The young folks of the Bethel Baptist Church will meet in the church Sunday at 6:30 p. m.

Rebekah Lodge—Agnes Rebekah Lodge No. 159 will hold a regular meeting Monday evening at 8 in the Legion club room. A harvest festival and card party will follow the meeting.

Tourist Specialist—Clare Gunn, tourist and resort specialist for Michigan State College in East Lansing, Thursday toured Schoolcraft County. He was accompanied by Clayton D. Reid, county agricultural agent.

Assault Case—James Leslie, pipeline worker from Oklahoma, was assessed fine and costs of \$14 in justice court Thursday when he was arraigned on a charge of assault and battery. He also was ordered to make restitution of \$50 to the plaintiff, Louis H. Gerst of Thompson Twp., for broken eye glasses and doctor's fees.

Pay Fines—Four out-of-town motorists charged with traffic offenses have paid fine and costs totaling \$35 in justice court here. Judge V. P. Deemer reports. Harold M. Andersen of Mt. Ranier, Md., paid fine and costs of \$5 for improper overtaking and passing on a curve; and Lorne McInnis of Toronto, Ont., Bernhard G. Johnson of Denmark, Wis., and Robert A. Seitz of Dearborn each paid \$10 for excessive speed.

Two River Beds Will Be Blasted For Pipeline; Project Soon Winds Up

Construction crews on the Lakehead pipeline project today were to begin drilling and blasting from barges in the Manistique River to dig a 7-foot trench in which to place the 30-inch crude oil pipe.

The Midwest Constructor's crew Wednesday also started drilling near the Indian River, where a similar trench will be cut for the pipeline.

Both the Manistique and Indian Rivers are 300 feet wide at the point of crossing. The pipe line is crossing from northeast to southwest.

Midwest Constructor's, Inc., is building the pipeline from St. Ignace to Cooks.

Anderson Brothers Corporation has the pipeline project from Ironwood to Cooks, Mahoney Construction company is building the line from Ironwood to Superior, and Merritt, Chapman and Scott are laying the pipeline across the Straits of Mackinac.

Rock Bed In River

Bechtel corporation of San Francisco is agent for the Lakehead Oil company, and is in charge of engineering and inspection as construction of the line progresses.

Crews still are experimenting to determine size of the dynamite charge necessary to get a 7-foot trench. E. H. Fahney, spread supervisor for the Bechtel corporation, states.

"We will use only as much dynamite as is necessary," Fahney emphasized. The bed of the Indian River is "solid rock" and will be a tougher job than the Manistique River, which has a muddy bed, he said.

Use Well Drills

The 400-man construction crew had laid 48,198 feet of the 30-inch pipeline as of Sept. 16, Fahney said. About 15.4 miles of the pipeline has to be covered over yet and another 8.1 miles of pipe has yet to be laid, he stated.

The St. Ignace to Cooks pipeline project will be completed, it is anticipated, by Oct. 10 or 15, the supervisor said. Crews now are working on pipe going across old U. S. 2 north of Manistique. The Midwest Constructors began at Point LaBarb near St. Ignace June 8.

Regular water well drills are being used to dig holes for dynamite charges, Fahney said, and pipes are weighted when laid. The pipeline in both river crossings will be four feet below the riverbed when work is completed.

Tests Start At Superior

The project here is part of a \$76,000,000 pipeline which will extend from Superior, Wis., to Sarnia, Ont., Can.

This 635-mile line will connect

with another line which reaches the crude oil fields in Edmonton, Alberta, Can., and when completed will form a line of 1,765 miles. It will be the longest crude oil pipeline in the world.

About Oct. 15, when the project here is completed, tests will be started at Superior, Wis., and will be made every 50 to 80 miles to determine if the pipeline is satisfactory. Fahney said. Air compression and oil are used to push water out of the line when it is put in use, the supervisor explained.

Annual Hi-Y Club Program Given At High School Today

Purposes and activities of various student organizations in Manistique High School were outlined this afternoon during the school's annual Hi-Y Club program.

Opening remarks were made by Kenneth Magnuson, Hi-Y president, after which the MHS band played. Activities of the Girls Athletic association were described by Loretta Charron, and Pat Schneider reviewed work of the Future Homemakers of America and the Home Economics Club.

Journalism in MHS was described by Jill Harbin and forensics by Mary Giovannini. Robert Corson told of varsity athletics, Jon Schuster of music, and Fritz Laurion of the student association.

During the program a vocal solo was presented by Gail LeBrasseur.

Potato Yields Should Be Checked Now For U. P. Show

Potato growers in Schoolcraft County who plan to enter stock in the 24th annual Upper Peninsula Potato Show at Ironwood Nov. 3, 4 and 5 should have yields checked now, William Cargo, secretary of the U. P. Potato Growers association, said today.

Yields can be checked by making an appointment with the county agricultural agent, Clayton D. Reid. Both potato growers who plan to enter the premier contests and 4-H club members who carried potato growing as a summer project must have yields checked to enter the U. P. show.

Last year a Cooks 4-H Club member, Eunice McGahan, won all-U. P. honors and received a trip to the 4-H Club Congress in Chicago.

This is the first year the U. P. Potato Show will be held in Ironwood.

No plans have been made for a county show here, the county agricultural agent's office reports. In other nearby counties potato shows are scheduled as follows: Chipewau, Oct. 19; Luce, Oct. 20; Dickinson, Oct. 21; Delta and Houghton, Oct. 22; Menominee, Oct. 23, and Marquette, Oct. 24.

Plan Clinic Here For Handicapped Children Oct. 13

A clinic for physically handicapped children in Schoolcraft County will be held at the Presbyterian church in Manistique Oct. 13 under auspices of the Alger-Schoolcraft Health department.

Dr. E. R. Elzinga of Marquette will conduct the clinic and approximately 40 patients will be examined. Appointments for the clinic are being made by the health unit here. Additional patients may be referred by family physicians.

This is the second clinic held in Schoolcraft County for handicapped children. The first was held last year.

May Spit Battleships When He Gets Older

ALBUQUERQUE, N. M. (AP) — There's an old saying that goes something like "he eats nails and spits battleships."

Randy, 22 months, isn't spitting battleships, but he eats nails. He swallowed 10 of them. The doctors advised Capt. and Mrs. Sidney Green to feed him cotton and let nature take its course.

Education Course Will Start Soon

A field course in education which carries three hours credit will be offered in Manistique this fall, Mrs. Beda Hough, county school superintendent, announced today.

The course offered will be either art practices or child psychology, and it is hoped the class will begin next week, the superintendent said. Decision on which course will be offered will be made after conferring with Schoolcraft teachers to determine their preference.

The course is open to any high school graduate eligible to enter college, but is intended primarily for teachers. Manistique city schools have 42 teachers on the faculty and rural schools have 34.

The art course, called art practices 315, is taught by Dr. Cleobelle Harrison of NMCE and the child psychology course, No. 263 is taught by Dr. Roland R. Schwitzgoebel.

Full-Scale Scrimmage Is Staged By Eskymos

Coach Joe Milokna's Escanaba Eskymos, idle this weekend, held a full-scale game-type scrimmage at the Escanaba athletic gridiron yesterday afternoon.

Milokna and assistant coach Burt Gustafson pitted the junior varsity squad against the juniors on coaches Frank Miketnac and Steve Baltic held the juniors to two touchdowns in the first half before bowing 34-0 in the practice contest.

In the meantime, Milokna was faced with the loss of one, and possibly two, of his regulars because of injuries. Arni Dunathan, center and linebacker on the varsity eleven, suffered a bone frac-

Set Rehearing Sept. 28 On Ineligibility Case

LANSING (AP) — Dr. Clair L. Taylor, State Superintendent of Public Instruction, today set a rehearing on charges against nine high school athletes declared ineligible for accepting merchandise prizes.

The new hearing, forced on Taylor by the Legislative Committee on Administrative Rules was set for Sept. 28.

"I want to emphasize," Taylor said "that until this moment, I had no request for a rehearing in this case from either the schools involved or the boys."

Will Amend Rules

Taylor said he would also "proceed immediately" to amend the awards rule on eligibility and "would consider" the demands of the committee for changes.

The committee Wednesday heard attorneys for the youths call their suspension by the Michigan High School Athletic Association and Taylor "harsh and arbitrary."

Taylor said the youths and officials of the Hastings, Escanaba and Menominee schools, which the boys attend, will be notified by registered mail to be present.

After the closed meeting, the legislators issued a statement that they would not suspend the awards rule even though they were convinced it did not conform to the law.

Two From Escanaba

They chose to keep the rule in force, they said, because suspension "would create a void into

College Grid Season Opens

NEW YORK (AP)—Approximately two dozen games that might fall in the "big" category will mark the return of one-planetion college football this weekend.

The Nebraska-Oregon game will be on your TV screen, starting at 1 p.m. CST.

Nebraska has junked the T-formation with the return to the old rules and will unfurl Johnny Bordogna in the tail-back spot in the single wing in Lincoln.

Other inter-sectional affairs include Maryland at Missouri, Villanova vs. Georgia in Philadelphia Saturday night, and Baylor at California.

Other "big" games:

Texas A & M is a slight underdog in its invasion of Kentucky; Texas Christian is a slight favorite over Kansas; Texas University meets Louisiana State, and Rice hikes to Florida.

Several conference games are on tap. Mighty Southern California plays at Washington State; UCLA is host to Oregon State, in the Pacific Coast Conference, and Duke and South Carolina collide in the first game of the newly formed Atlantic Coast League.

Gives Good Report On Probation Of Spartans

CHICAGO (AP) — Michigan State College, making its Big Ten football debut this season, today was reported making "substantial progress" towards wiping out a probationary status imposed by the conference.

The conference last February put MSC on probation mainly because of activity of the Spartan Foundation, a non-campus organization which raised funds for athletes.

Big Ten commissioner K. L. (Tug) Wilson said that of a total of \$55,700 collected by the Foundation, accounting has been received for all except \$5,260, apparently expended prior to Dec., 1951.

Refused To Talk

Wilson said Foundation officers have refused further disclosure of disbursements to the "wilful embarrassment of both Michigan State College and the conference."

The commissioner expressed "complete satisfaction" with the

Two sophomore backs and a guard also joined the juniors for the game. Dale Manske and Bob Bero ran in the backfield and Bob DeMars filled a spot in the line.

Junior Lineup

Other junior backs who saw action were Don Dahlin, Dave Judson, Jim Beck, Mike Hemminger and Gray. In the line were Bob Johnson, Ron Dufour, Bob Ferguson, Pat Coyne, Jim Gerdeen, Jerry Hanson, Bob Zitner, Dan Boyle, Greg Ansbaugh and Setterlind.

Ansbaugh, a junior guard, is a transfer from Traverse City working out with the Eskymos for the first time. He saw heavy duty yesterday.

The Jayvees used Ricky Erickson, Bill Bolm, Bruce Carlson and Ray Warner in the backfield and Larry Sauve, Walt Nelson, Tom Hogan, Jim Meehan, Keith Molin, Jim McDonnell, Clyde Robinson, Dale Embs, Bill Perkins and Lloyd Pelletier, a junior, in the line.

The teams battled to a scoreless first period before Dave Judson rammed over from the 10 for the juniors midway in the second. Hemminger passed to Hanson for the extra point.

Hemminger Scores TD

Hemminger broke loose for a 35-yard touchdown run to open the third period. Nearly trapped behind the line of scrimmage, the Eskey quarterback slipped out of the hands of several tacklers and swivel-kipped his way down the sidelines to score.

Dahlin slammed over from the five shortly before the period ended. He plunged for 10 yards and the fourth TD early in the final period and Judson added another before the final whistle.

The Eskey coaches were pleased with the showing of both squads and were high in praise of the sophs who dug in against their more experienced opposition. It wasn't until late in the game that the tide changed for the juniors, Milokna pointed out.

A varsity scrimmage session is tentatively scheduled for Saturday morning at the EHS gridiron.

Baseball Stars

JACOB NELSON (NELLIE) FOX... Second baseman, Chicago White Sox... Born Dec. 25, 1927, St. Thomas, Pa. . . . Five feet 10 inches, weighs 155 pounds . . . Throws right, bats left . . . First organized team was Lancaster, Pa., in Inter-State League, 1944 . . . One year in military service . . . Came to Philadelphia Athletics in 1947 but spent most of season at Lancaster . . . Sent to Lincoln, Neb., in Western League 1948 where he batted .311 and led league in base hits with 179 . . . Back to Athletics at end of season . . . Traded to White Sox for Joe Tipton, Oct. 19, 1949 . . . In 1952 led American League in hits (192) . . . Also led league's second basemen in fielding (.985), assists (433) and out-of-outs (406) . . . Appeared in two All-Star games . . . Hobby—hunting.

Baseball Stars

Dick Balzhiser, leading candidate for fullback on Michigan's 1953 football squad, was one of 17 engineering students to receive a straight "A" average during the spring semester.

Two College Kids In Big Golf Bid

OKLAHOMA CITY (AP)—A couple of nice college kids today stood in the way of a meeting between two cold-eyed, toughened tournament golfers for the 53rd amateur championship of the United States.

The way things have been going in this tournament of surprises, it could be the kids who will clash in the 36-hole final Saturday.

The "rookies" of this quarter of semi-finalists — probably the youngest ever brought together in this championship — are Bruce Cudd, 20, who is about to start his sophomore year at Portland, Ore., University, and Don Albert, 21, of Alliance, Ohio, a junior at Purdue and the Big Ten champion.

Airman and Salesman

Their opponents in today's 36-hole semi-final matches are Dale Morey of Indianapolis, a 32-year-old ex-pro, now a newspaper salesman, who plays Albert, and Gene Littler, 23-year-old Navy airman, who meets Cudd.

Morey, a one-time baseball player and coach at Louisiana State University, since regaining his amateur status he has been a consistent winner of lesser tournaments. This year he has played in seven and won them all — including the star-laden Western Amateur.

Littler, recreation director at the San Diego Naval Air Station, went to the semi-finals of the Trans-Mississippi tournament, he was a standout performer in the Walker Cup matches.

One Walker Cupper

Littler is, in fact, the only one of the Walker Cup players to survive two days of double rounds.

SAULT STE. MARIE (AP)—When the Detroit Red Wings line up today for their first exhibition hockey game of the 1953 season there'll be a new face between Forwards Gordie Howe and Ted Lindsay.

It will be that of Center Earl (Dutch) Reibel, 23, who topped the Western Hockey League in scoring last season.

General Manager Jack Adams announced selection of Reibel, who hails from Kitchener, Ont., and has caught the fancy of Red Wings bosses since training opened here a week ago.

Reibel will be playing between the 1-2 scorers of the NHL, Howe and Lindsay, respectively, as the Wings tangle with Edmonton, Alta. Today's is the first of four exhibitions scheduled with the Western League champs by Detroit, the NHL winners.

The average score of 55 football games played since 1947 by Michigan State teams under coach Biggie Munn is 30-11 in favor of the Spartans.

In This Corner With Ray Crandall

Three stories carried in a recent issue of the Ironwood Daily Globe may be the answer to the Red Devils' great success in high school football circles. One item told of the Ironwood junior varsity team posting a win over Ashland's Jayvees. Another listed Ironwood's freshmen team as the winner in a game against the Wakefield freshmen. And a third story gave the results of games in the four-team Ironwood grade school league.

A close follower of Upper Peninsula prep sports recently remarked that the three schools currently leading the field in grid matters in the U. P. all have extensive football programs extending down to grade school levels. "Ironwood, Sault Ste. Marie and Menominee all offer well-organized football programs for students as far down as the sixth grade," he commented. The Soo recently began its program, and this year's team is probably the first to show the benefits.

It is only logical that such a program will pay off in more-experienced and better-coached football players on the varsity teams. The youngsters are taught the fundamentals of football at an early age and by the time they are varsity candidates they have already acquired a good foundation in the sport.

The same holds true in any other high school sport, of course. You find a steady stream of good basketball players coming out of those schools that have traditionally strong cage programs for pre-varsity players. Ishpeming, where it is said that every telephone pole and garage door has a basketball and basket, never fails to come up with a top contender on the hardwood courts.

It's an old axiom that practice makes perfect, and it's as true in football as anything else. And the earlier that practice begins, the nearer you reach to perfection.

New Pitching Record Set By Ellis Kinder

BOSTON (AP) — Ellis Kinder of the Boston Red Sox has set a new American League record for pitching appearances in a season, but he won't get a chance to break the major league mark this year.

The 39-year-old right-hander made his 67th relief appearance Thursday to surpass the old mark of 66, established by Ed Walsh of the Chicago White Sox in 1908.

The major league standard is 74, set by Jim Konstanty of the Phils in 1950, but the Red Sox only have six games left.

Packers Set For Final Grid Exhibition Game

GREEN BAY—The Green Bay Packers closed out hard workouts today in preparation for their "dress rehearsal" against the Eastern division champion Cleveland Browns in Cleveland Saturday night.

The contest will close exhibition activity for both clubs and set the stage for the National Football League opener between the Packers and Browns in Milwaukee Sunday, September 27.

The Packers will be looking for their second victory in five non-league starts. Green Bay beat New York 13 to 7 in its opener but then lost 31 to 7 to Chicago Cardinals, 13 to 6 to Washington and 26 to 23 to Pittsburgh. Cleveland has a record of three victories, one loss and one tie in four exhibition starts.

Last Chance Night

Saturday night's contest will be the "last chance" for eight or nine players. The Packers have 42 players on their roster but under league rules Coach Gene Ronzani must meet the player limit of 33 next week. On the current roster are 14 rookies, 4 players who saw action with other pro clubs and 24 Packers veterans.

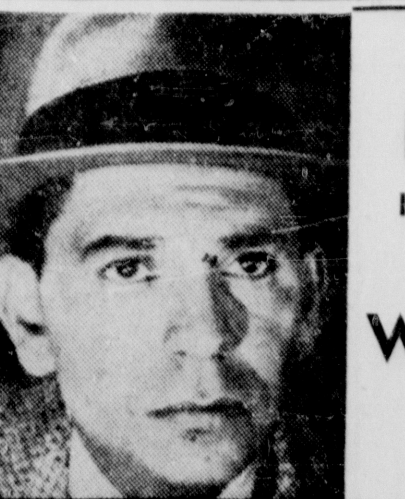

Both clubs will be out to polish up its offense and test its improved defense against the high-scoring Browns' offense. The Packers will be particularly interested in breaking the last half "spell" that kept them from scoring in the final halves of their last three games.

Keep Eye On Injuries

Both clubs will be taking special care to prevent injuries and coaches Paul Brown and Ronzani are expected to make frequent use of rookies. However, the quarterbacking of the two clubs will be in veterans' hands —Tobin Rote and Babe Parilli for the Packers and Otto Graham and George Ratterman for the Browns.

The battle will mark the Browns' first appearance in Cleveland this season and a crowd of more than 25,000 is expected. The Packers will fly from here to Cleveland in a chartered Capital airliner and return on the same plane immediately after the game.

After the Packers' league kickoff in Milwaukee September 27, the Bays will open the Green Bay phase of its 1953 season against the Chicago Bears Oct. 4.

Great Lakes Grid Clash At Manistique Field Tonight

MANISTIQUE—Two long-time rivals in Great Lakes Conference athletics will meet on the gridiron here tonight at 8:30.

Coach Dick Bonifas will send his Green and White Emeralds out against the Gladstone Braves coached by Don Protenhauer. Both teams will be seeking to post initial wins in conference play.

Gladstone has been edged in two straight starts this season. The Braves were nipped by St. Joe's Trojans, 6-0, in the opener and last weekend they slipped, 7-0, to the Munising Mustangs.

The Emeralds enter the game with a 1-1 record. They opened with a 20-0 victory over Stephenson and last week dropped a 19-6 verdict to the Newberry Indians.

The Braves will field a starting lineup with regulars returning to positions after recovering from early-season injuries, while Bonifas has had to shuffle his gridders to fill some vacant holes this week.

PROBABLE STARTING LINEUPS

LIKE A BIRD — Maybe George Elliott has been reading too many fiction stories. Whatever the case, England's crack pole vaulter makes like a bird as he clears the bar and starts back to earth during the British Games in London. (NEA Photo)

Favor Gavilan Over Basilio In Title Go

SYRACUSE, N.Y. (AP) — Kid Gavilan is a 3½ to 1 favorite to win tonight's welterweight title defense against rugged Carmen Basilio of nearby Canastota in a 15-round bout that will be seen and heard nationally by radio (ABC) and television (NBC) at 8:00 p.m. (CST).

The winner must fight Johnny Bratton, former N.B.A. champ, in 60 days under terms of an agreement long and loud about the decision.

Gavilan's career record dating back to 1943 is 94-13-4 for 111 fights. He never has been stopped and was on the deck only in a 1948 brawl with Ike Williams. Basilio, who jumped into the big time by whipping Graham June 6 has won 36, lost 10 and drawn five of 51 pro starts. He, too, never has been knocked out.

Since he won the championship from Bratton, Gavilan beat Billy Graham twice, Bobby Dykes, Gil Turner and Chuck Davey with the title on the line. He lost an over-weight match to Danny (Bang Bang) Womber May 2, but screamed long and loud about the decision.

Gavilan's career record dating back to 1943 is 94-13-4 for 111 fights. He never has been stopped and was on the deck only in a 1948 brawl with Ike Williams. Basilio, who jumped into the big time by whipping Graham June 6 has won 36, lost 10 and drawn five of 51 pro starts. He, too, never has been knocked out.

Good Little Man Makes Bid For Wolverine Job

By JOHN F. MAYHEW

ANN ARBOR (AP) — It takes breaks, persistence and ability for a little man to make good in big-time college football. And it's beginning to look as though Ed Hickey is going to fill the bill.

Hickey, the smallest man on the University of Michigan squad, is not the No. 1 at his position. The talented Tony Branoff would be hard to dislodge at right halfback. But Hickey, in three years, has worked himself up to the No. 2 position and is likely to see a lot of action this fall.

One Platoon Break

The rugged Alamosa, Colo., senior stands 5-feet-8 and weighs in at about 160 pounds. He has always been rated well down in the pack that is fighting for the job.

However, he has persisted for three years. He has the break of the new limited substitution rule under which Branoff will certainly need relief. And he has convinced coach Bennie Oosterbaan he has the talent.

Hickey hardly ever fails to impress practice session railbirds with his good pass receiving and the twisting, dodging brand of running he uses in place of the power football.

Too Short?

He is really too short for work in the defensive backfield, where height is necessary on pass defense. But there are some short men slated to get into the act this fall and Hickey is likely to be one of them.

Along with halfbacks Ted Kress, Tom Hendricks and fullback Dave Hill, he came up with good running yesterday as the varsity battled the reserves for an hour. Missing from the heavy work was Dick Beison, regular guard who suffered a shoulder injury the day before. Beison's injury, however, was responding to heat treatments. He was expected to be back in top shape before Michigan opens its season here Sept. 26 against University of Washington.

FIGHTS LAST NIGHT

(By The Associated Press)

Paris —Ray Famechon, France, outpointed Jean LaBalete, France, 10 weights unavailable.

St. Louis —Jimmy Welch, 167, Columbus, outpointed Irish Bob Murphy, 166½, San Diego, 10

Detroit —Tommy Matthews, 142½, Detroit, outpointed Andy Anderson, 151 1/4, Indianapolis, 8

Vancouver, B. C.—Edgardo Romero, 236, Argentina, stopped Charlie Kalani, 211½, Honolulu, 1

Though high jumping is the specialty of J. (Papa) Hall, University of Florida track star, he also runs the 100-yard and 220-yard dashes.

Robin Roberts of the Phillies and Gerry Staley of the Cardinals have each defeated every other National League club at least once this season.

Yanks Aren't Fooling Bums

By BEN PHLEGAR
AP Sports Writer
The New York Yankees haven't fooled Charley Dressen by losing one game to Cleveland and two out of three to the St. Louis Browns under his watchful eyes.

The Brooklyn manager, who has been doing some personal World Series scouting from a Yankee Stadium box near home plate, declared today:

"They look about the same as last year."

A year ago the Yankees beat the Dodgers in a seven game series.

Browns Take Win
With Dressen in the stands the American League champions lost to the Browns Thursday 7-1. Casey Stengel used a flock of his Yankee second stringers.

Because of his self-imposed scouting duties, Dressen wasn't on

Manager's Job Up For Grabs

CINCINNATI (AP)—There is a major league baseball manager's job open in Cincinnati but whoever gets it had better keep his suitcase packed.

When the Redlegs fired Rogers Hornsby Thursday he became the fourth pilot of the team to walk the plank in less than six full seasons.

His immediate predecessors—in the order of their firing—were Johnny Neun, Bucky Walters and Luke Sewell. None stayed as long as two full seasons or could do much about lifting the Redlegs out of the National League's second division.

Coch Buster Mills will be in charge of the Redlegs when they open a series in Milwaukee Saturday.

Al Lopez, now manager of the Cleveland Indians, seems mentioned most often for the Redleg managership. Others are Bucky Harris, manager of the Washington Senators; Harry Walker, manager of Rochester's International League pennant winners; Del Baker, coach of the Boston Red Sox; Eddie Joost, former Redleg infielder; Gabby Hartnett, the old Chicago Cub catcher; and Mickey Cochran, one time Detroit manager.

Spartans Take Iowa Serious

By ROBERT E. VOGES
EAST LANSING (AP)—Take a look at the bulletin board in the Michigan State dressing room and you'll realize that the Spartans aren't taking their football opener with Iowa lightly.

Practice sessions have tapered off to one-a-day but the coaches are working overtime on a little applied psychology.

The bulletin board is plastered with newspaper clippings about the Iowans.

A few sentences in one newspaper story are underlined in red pencil.

"We are two deep in every position," coach Forest Evashevski is quoted as saying. "We have no distinct weak spots."

Coaches added to the collection of clippings daily. And the players stop and study them.

It's all part of a campaign to root out any possible cockiness that might be expected in a team that hasn't been beaten for two and a half seasons.

The coaches are trying to impress on the squad that Iowa won't be any pushover.

Vaughn Mancha, Alabama's 1945 All-America center, is assistant football coach at Florida State University.

hand to see his club win its 100th game of the season in St. Louis yesterday. A three-run ninth inning rally gave Carl Erskine his 20th victory by a 4-3 margin as Wayne Belardi singled home the tying and winning runs.

No national league club has won 100 since the 1944 Cardinals.

In other action Thursday the Boston Red Sox edged Detroit 2-1.

Lions Look Like Anything But Champions In Defeat

PHILADELPHIA (AP)—The Detroit Lions lost to the Philadelphia Eagles, 28-17, in an exhibition game here last night and looked like anything but the champions of the National Football League in doing so.

The Lions, however, played with only one regular in their defensive secondary, riddled by injuries in recent days.

The loss was Detroit's first in

11 games, regular season and exhibition, and was witnessed by 44,300. It was the final warmup for the two clubs before opening of the NFL season two weeks hence.

Pass Them Silly

Detroit pranced into the fourth quarter with a 17-14 lead over the underdog Philadelphians, but in the waning minutes Adrian Burke and Bobby Thomason passed them silly.

Burke flipped his third touchdown pass in the fourth quarter to Ziggy Ziegler to put the Eagles ahead to stay. A few moments later Thomason hit little Larry Chiodetti on a 32-yard pass play to put the game beyond Lion reach.

The Lions got a drive underway but it petered out with an interception in the end zone and time ran out on them.

The Eagles were off to a flying start. In the first period, Burke flipped a short, third-down pass to Al Pollard who raced down the sidelines behind beautiful blocking

to complete a 55-yard touchdown play.

Lions Lead 10-7

The Lions roared back in the second quarter. Doak Walker booted a 24-yard field goal and Earl (Jug) Girard climaxed a six-play, 40-yard drive by smashing over for a touchdown. Pat Harder converted and Detroit led 10-7.

But Philadelphia came right back and the half ended 14-10 in favor of the Eagles. A Layne-to-Leon Hart pass shot the Lions into a 17-14 edge that lasted through the third period.

During much of the game Detroit played with End Dorn Dibble and Rookie Carl Kraivacz as safety-men and Jim David, bothered by a foot injury, and Bob Smith as the close defensive linebackers.

Yale Lary and Jack Christensen, regular defensive backs, are out with injuries. The game was Dibble's first since he returned from two years military duty, and it was David's first of the year.

Yesterday's Stars

By The Associated Press

Batting—Ted Williams, Boston Red Sox, hit his 13th home run with a man on base as Boston edged Detroit 2-1.

Pitching—Bob Porterfield, Washington Senators, won his 21st victory of the season, beating Chicago 3-2.

Tigers Make Final Bid To Stay Out Of Cellar

DETROIT (AP)—The Detroit Tigers came rumbling home still in sixth place today to make their last Detroit stand of the season.

But, with only six games left—three here and three abroad—they still could wind up in the cellar. Both the St. Louis Browns, who several weeks ago took over Detroit's long-time basement lease, and the Tigers still have six games to play. The Tigers lead by five.

Seventh-place Philadelphia is only three games back of the Tigers, and the Athletics still have eight games left to play.

Meet Browns Tuesday

Detroit opens a two-game stand against the second-place Cleveland Indians in Briggs Stadium tomorrow. Then Tuesday night they meet the Browns in what could be the cellar-decider.

Detroit winds up the season in Cleveland with games Friday, Saturday and Sunday of next week. The Tigers lost a full game to the Browns yesterday, bowing to Boston 2-1 while St. Louis was thumping the American League champions, the New York Yankees 7-1.

Williams Connects

Ned Garver got himself in too

deep a hole with the wrong fellow, Ted Williams whammed a fat 3-and-1 pitch far into the right field stands and scored behind Jim Piersall, who had singled with two out.

That was enough, with Sid Hudson and Ellis Kinder teaming to hold the Tigers to a mere five hits. Garver gave up eight.

They got their five off Hudson before he retired for a pinch-hitter in the eighth. Kinder got Ray Boone, Bob Nieman and Walt Dropp on routine flies in the ninth.

Garver, despite three wild pitches and his constant habit of staying behind the batter on balls and strikes, turned in one of his best performances of the year—up to Williams in the eighth.

Has 11-11 Record

For Garver, who will enter a hospital next week for an operation on a trick knee, it was his 11th defeat against 11 victories.

Detroit got Garver a run in the second as Dropp singled through shortstop and came home on Steve Souchock's double to the center-field wall. But thereafter Hudson and Kinder handcuffed the Tigers. Souchock's double was Detroit's only extra base lick.

Souchock got two of Detroit's five hits. Boone two and Dropp one.

Good For Three More Years, Feller Says

CLEVELAND (AP)—Bob Feller, who will be 35 Nov. 3, feels he can pitch for Cleveland "for at least another three years—if the Indians will have me."

Feller, who won his ninth against six losses in Philadelphia Wednesday, says he's "a better pitcher now than I was last year" when he ended the season with a 9-13 mark. Bob said he's developed a sinker that is "easy on my arm."

GLADSTONE

Exams For Tots Will Be Given

Physical examination of kindergarten pupils in the Gladstone Public Schools will be made on Monday and Tuesday, Sept. 28-29, according to the office of Supt. Wallace C. Cameron.

Examinations will be made by Dr. William Harrison of the Delta-Menominee Health Unit at both the Central and Buckeye Schools. The child will be examined at the school attended.

Notification letters have been sent out during the week to all parents of kindergarten pupils in the Gladstone schools. If the parent desires the child to have a physical examination the letter should be signed and returned by Monday, Sept. 21.

Appointment times will then be set and parents notified. The child must be accompanied by parents at the time of the physical checkup.

Purpose of the examination is to find any possible health defect and to make recommendation for correction so that the child will not be handicapped in school work.

City Briefs

Mr. and Mrs. Harold Nelson have returned from a trip around the lake. While in Detroit they visited with David Swanson, a former resident of Gladstone, and at Inkston with Rev. and Mrs. C. V. S. Engstrom. They also visited the Willard Norbys at Kalamazoo. In Michigan City, Ind., they renewed acquaintance with a family they had not seen for 25 years. They attended the wedding of Mrs. Nelson's cousin in Chicago and Sunday attended a reunion of cousins on Mr. Nelson's side in Evanston. Mrs. Lindgren, who accompanied them on the trip, remained in Chicago for a longer visit.

Mr. and Mrs. Ernest Groleau have returned from a vacation visit with their son and daughter-in-law, Mr. and Mrs. Orville Groleau, in Marion, Wis., and with Mr. and Mrs. Donald Renard and family, DePere, Wis. Their son Orville is band director at the Marion High school.

Mrs. Lowell Stade has returned from Minneapolis where she recently submitted to surgery and is convalescing at her home.

Mr. and Mrs. Ed Olson, Sr., have returned from Petoskey where they visited with their son-in-law and daughter, Mr. and Mrs. Clifford Buckmaster and family.

David Nelson, Wayne Louis and Fred Schwarzer spent the weekend in Chicago where David and Wayne attended the wedding of a cousin of David.

Walter Erickson is spending several days visiting in Chicago.

Power Line Gremlins Cause Much Trouble

ELKHORN CITY, Ky. (AP)—Fiery gremlins skipping across power lines gave the Little Beaver Creek community a shudder it will long remember. Unexplained electrical disturbance caused this havoc:

Herby Sloane's furnace caught fire from the electrical circuit and Sloane needed hospital care for burns suffered when he tried to turn off the stoker.

Luther Salyers' television set broke out in flames. He put them out, helped Sloane with his difficulties and then learned his own furnace has caught fire.

A store building was ignited by the mysterious hot wires.

Fluorescent fires shot up around the utility pole ground wires.

Later, everything was all right, but residents were reluctant to touch anything electric for several hours.

SILVER ANNIVERSARY—St. Paul's Lutheran church on Sunday marks the 25th anniversary of construction and dedication. Special services have been arranged for the occasion and dinner and supper will be served by ladies of the church.

Bill Apter Injured When Car Hits Tree

Bill Apter, 18, Brampton, was injured when an auto he was driving left the road about 18 miles west of the Gladstone City limits Thursday morning and went through brush for 150 feet before striking and snapping off a fair sized pine tree and coming to a halt.

Apter sustained possible internal injuries, a bruised chest and lacerations. He was treated by a local physician and released.

Apter told Michigan State Police he fell asleep at the wheel. His speed was estimated at 50 miles per hour.

The front of the auto was extensively damaged.

Confirm Class Of Ten Sunday

A class of ten children will be confirmed at services Sunday morning at 10 in the First Lutheran church. Confirmation with Holy Communion will mark the service. Confirmants and their members will march in solemn procession.

Members of the class are Mary Jean Anderson, Doniver Bjorklund, Arlene Hamilton, Nancy Holm, Lawrence Seronko, Richard Rosenlund, Jack Sepic, Russell Wickman, Wayne Young and Dennis Hutchinson.

Briefly Told

Traffic Case—Harold Erickson, city, paid a fine of \$2 and costs of \$3 when he appeared before Justice A. T. Sahlberg to answer to a charge of failure to yield right-of-way. The ticket was issued by city police following a collision on US-2 and 41 at its intersection with Railway Ave.

Church School—Church school will be held Saturday morning at 9:30 at the First Lutheran Church. Beginning the following Saturday and continuing for the rest of the year the school will begin at 10 Saturday mornings.

More people get more news from newspapers than from all other sources combined.

Kansas City Has Bomb Blast No. 7

KANSAS CITY (AP)—Kansas City's seventh mysterious bomb in the last three weeks exploded in a suite of physicians' offices on the 11th floor of the downtown Bryant Building Wednesday.

Two women on the street below were cut by falling window glass.

The six previous blasts damaged business firms.

Police have found no clues to the nature of the bombs or the bomber's identity. Most baffling is the lack of pieces of the bomb casings, fuses or detonators. There has been only the smell of black powder.

Police Detain Two Hooded Men, Find Box Full Of Bees

WORCESTER, Mass. (AP)—Three Worcester police cruisers Wednesday surrounded an automobile containing two hooded men and a mysterious box. The car stopped. The men protested. The police persisted.

"What's in the box?"

"Bees."

"A likely story."

"Look and see."

As the police drew nearer, the box buzzed ominously and several angry honey-makers emerged. The officers withdrew.

Wallace R. Parker of West Boylston and Harold E. Swasey of Leicester—beekeepers garbed in the mask of their trade—drove on.

Geese Valuable As Lawn Mowers

PORTSMOUTH, Va. (AP)—Does a goose have to be a goose? Could it be a farm hand? Walter L. Pool, of the Norfolk County board of supervisors, raised the question after the board received a bill for \$301 from Greenbrier Farms for 86 geese killed by stray dogs.

Greenbrier Farms, a nursery, imported the geese from Africa for use as grass cutters. The nursery says an African goose plucks grass but will not touch shrubbery. This makes the critter pretty important to nurserymen.

But are these geese poultry? The question is vital to the county's finances. State law requires the county to pay its citizens for loss of poultry killed by stray dogs. Pool said poultry is something you eat. The geese in question, he said, are "employees of Greenbrier Farms." Pool suggested the nursery stop billing the county and try to recover its loss through the Workmen's Compensation Act.

The board of supervisors voted to withhold payment pending a decision. The board also instructed the commonwealth's attorney to prepare an amendment for submission to the state legislature which would completely depoliticize African geese. Need for speed is evident: Greenbrier Farms says it is so pleased with the work of its African geese that it plans to import 10,000 more of them next year.

Hospital Project Benefits Unemployed

BERKLEY, W. Va. (AP)—Construction of a hospital by the United Mine Workers Welfare and Retirement Fund at nearby Stanaford is benefitting the coal diggers in more ways than one. The construction company reports that most of the men seeking construction work are unemployed coal miners.

WOMAN PRESIDES AT UN—Mme. Vidya Lakshmi Pandit, first woman president of the UN General Assembly, is expected to be kept busy rapping her gavel when the U. S. and Russia meet at the Assembly following a probable fight in the Political Committee session. Subject of the clash is the Russian demand for enlargement of the Korean Political conference. (NEA Telephoto)

Business Watching Metal Market Slip

NEW YORK (AP)—Weakness in the metal markets—both present and foreshadowed—had businessmen watching this traditional barometer.

Some customers are taking to the sidelines while they watch these developments.

Steel supply and demand is near balance. Production is off. And some in the industry see price cuts in steel products as a coming possibility.

Chile Big Factor

Zinc and lead producers say that recent price drops make operations profitable only for the largest mines.

Copper producers and users are wondering how long the present neat balance in world supply and demand, with price stability, would survive an anticipated deal by the U. S. government to take Chile's 100,000 tons of unsold copper off her hands. If Chile should start pouring 30,000 tons a month into the world market again, copper prices might tumble.

Even aluminum, riding the crest of the big defense demand, may see a change in the picture early next year, some leaders in the industry say.

Demand Eased

Cancellation of plane orders by the government — a large new one in plane engines has just been

Preacher Sentenced For Killing Daughter Asks For New Trial

GRAND RAPIDS (AP)—A preacher, sentenced to life in prison for the murder of his 18-year-old daughter will get a hearing on his motion for a new trial.

The Rev. Frank E. Siple, sentenced in 1946, now claims that he was "pressured" into a confession in the arsenic poisoning of his daughter, Dorothy Ann. At the time, Siple was pastor of Southlawn Church of God in a Grand Rapids suburb.

The cause of the daughter's death originally was certified as coronary thrombosis. Exhumation and examination followed a fight between Siple and an elder of his church.

Jelly-like Cleaner Knocks Baked Grease Off Oven Surfaces

"ITS is the name of a new oven cleaner that restores oven surfaces to grease-free newness without scraping or scrubbing. The substance is brushed on, allowed to stand, then wiped clean with water.

"ITS" oven cleaner is available at the Fair Store for \$1 and this includes a plastic brush. "ITS" is non-inflammable and truly spectacular in performance. Adv.

Koje Guards Are Still Prisoners

NEW YORK (AP)—Soldiers who did guard duty at Kojima Island U. N. prison compounds and later were captured by the Reds in Korea are being held by the Communists for trial as "war criminals," a returned prisoner of war said.

Sgt. Francis McCarthy of Boston said he knew of at least five former Kojima guards still held by the Communists.

"They were shipped out of our camp two miles from the Yalu River a day after the truce was signed," McCarthy said. "Two of them were my buddies."

The sergeant, 23, said "loose talking" at the North Korean prison camp enabled the Reds to identify the former Kojima guards.

The Kojima Island compounds held thousands of Communist prisoners and were the scene of several bloody riots by Red prisoners.

McCarthy said the Communists held former Kojima Island guards responsible for the killing of Red prisoners during the riots.

Deer Will Be Penned For Feeding Tests In Upper Peninsula

LANSING (AP)—The State Conservation Department plans to pen a number of deer in Upper Peninsula deer yards next winter to learn more about the amounts and types of food needed to carry the deer herd over winters.

One-acre pens will be erected in recognized deer yards in the western end of the peninsula. A number of deer will be placed in each yard and observed during the winter for malnutrition or overuse of range foods.

The department said it was seeking methods of preventing serious overbrowsing of food in the winter yards.

Eager Beavers Are Problem In Canada

TWEED, Ont. (AP)—Even dynamite has failed to defeat the beavers in this area. Foresters of the Ontario Department of Lands and Forests blast away beaver dams which flood large areas of the district only to find them rebuilt in a couple of hours.

"They aren't satisfied with just rebuilding the dam," one conservation officer complained. "They make it longer, higher and heavier."

"Electric fences are a failure, dynamiting doesn't work and we've already tried trapping. We took out 6,000 of the critters last year. I guess we'll have to be as stubborn as they are."

Married Men Get In Doghouse Easy

By HAL BOYLE

NEW YORK (AP)—It is the easiest thing in the world for a married man to get into the doghouse at home.

All he has to do is open his big mouth, put his big foot in it and— presto! He's in the doghouse.

On the other hand he can keep his mouth shut tighter than a clam at low tide and still find himself in the doghouse.

Take, for one example, the case of a wife who brings home a new hat which she knows in her heart she ought to take back to the store but which she can't quite make up her mind to do.

Caught In Winger

But somebody is going to pay for her indecision, and what victim is handier than the husband? So she straps on her new bonnet, and asks gaily:

"How do you like it, dear. Is it for me?"

The poor husband is caught in the following three-way winger:

1. Suppose he tells the truth and says, "well, honey, of course I don't have my glasses on. But are you sure it is a hat? From here it looks like a toadstool dripping a broken easter egg, or a rainbow with fallen arches leaning on a foot rest."

He is deep in the doghouse because he has committed the gravest of all matrimonial errors. He is a husband who can tell at first sight a fashion that is wrong for his wife, something she herself is never quite sure of. This makes her uneasy, because it may indicate he actually might understand her, too, something no wife can forgive a man.

No Mind Of His Own?

2. Suppose he lies like the peace yearning cad he probably is and says cautiously, "my pet, that hat fits you like a glove. No other woman but you could bring out its... its... its hidden qualities." This puts him in the doghouse because she thinks either he hasn't really looked at the hat or else, "maybe the old fool is right, no, he can't be. I know the hat is horrible."

3. Suppose he just looks silently at her in dumb confusion, knowing

no more which way to escape than a worm in a revolving door. Well, he's in the doghouse for not helping her make up her mind about the hat. It makes no difference that she already really knows what she is going to do. Doesn't the man have a mind of his own? She has a vague memory that he used to.

Once a wife puts her husband in the doghouse he is like a mouse with all four paws caught in a bear trap. He doesn't belong where he is—but only genius can get him out.

Doctor Says Neighbor Upset His X-Ray By Stealing Electricity

WICHITA, Kan. (AP)—A doctor charged that he made an incorrect diagnosis because his neighbor had wired his air conditioner to a line supplying current to an X-ray machine.

Dr. Emmett Rouse said he had treated a patient for ulcers after looking at prints made on his X-ray machine. He said the patient's only ailment was gas on the stomach.

According to a complaint signed by Dr. Rouse, his diagnosis was incorrect because his neighbor, Al Hester, had hooked his air conditioner on a line supplying 220-volt current to the X-ray machine.

Hester was charged with the theft of electricity.

Jews Arrested By Red Regimes

VIENNA, Austria (AP)—A new outbreak of Communist suppression of Jewish minorities — with dozens of top Jewish community leaders being tried secretly or under arrest — was reported from behind the Iron Curtain. Reliable sources said that so far the new anti-Jewish campaign has been restricted to Romania and Czechoslovakia.

In Romania and Czechoslovakia, the Red regimes have apparently reopened the campaign of Jewish persecution which flared throughout East Europe in 1952. The difference is that today the drive to wipe out all Jewish opposition to communism is being carried out with as much secrecy as possible.

Sources here said that the Communist regimes apparently have decided to keep their new anti-Jewish campaign under wraps because of Western opinion. A wave of protest swept the West when communism's anti-Semitic campaign reached its peak in the trial

Mistook Trash Can For Mail Receptacle

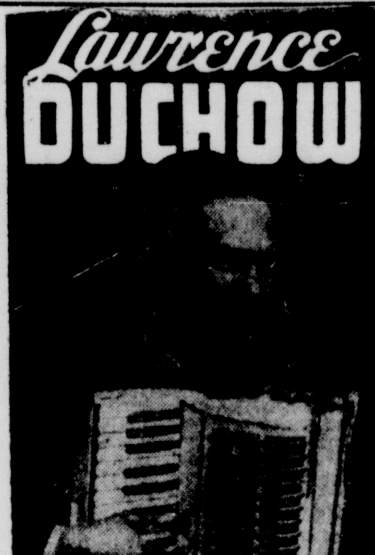

HOLDENVILLE, Okla. (AP)—Boys, playing on a downtown street corner, upset a trash receptacle and an official-looking letter popped out containing a \$2-134 check.

District School Superintendent W. W. Graham, red faced, explained he gave the letter to his 13-year-old daughter to mail, and she apparently mistook the dark green receptacle for a dark green mail box.

and conviction of Jewish Communists in Czechoslovakia.
